Full Text of Announcement**I. Funding Opportunity Description**

Purpose of Program: The Emergency Response and Crisis Management grant program supports efforts by LEAs to improve and strengthen their school emergency response and crisis management plans, including training school personnel and students in emergency response procedures; communicating emergency plans and procedures with parents; and coordinating with local law enforcement, public safety, public health, and mental health agencies.

Priority: This priority is from the notice of final priority and other application requirements for this program, published elsewhere in this issue of the **Federal Register**.

Absolute Priority: For FY 2005 and any subsequent year in which we make awards based on the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority supports local educational agency (LEA) projects to improve and strengthen emergency response and crisis management plans, at the district and school-building level, addressing the four phases of crisis planning: Prevention/Mitigation, Preparedness, Response, and Recovery. Plans must include: (1) Training for school personnel and students in emergency response procedures; (2) coordination with local law enforcement, public safety, public health, and mental health agencies; and (3) a method for communicating school emergency response policies and reunification procedures to parents and guardians.

Other Application Requirements:

1. *Partner Agreements.* To be considered for a grant award, an applicant must include in its application an agreement that details the participation of each of the following five community-based partners: Law enforcement, public safety, public health, mental health, and the head of the applicant's local government (for example the mayor, city manager, or county executive). The agreement must include a description of each partner's roles and responsibilities in improving and strengthening emergency response plans at the district and school-building level, a description of each partner's commitment to the continuation and continuous improvement of emergency response plans at the district and school-building

level, and an authorized signature representing the LEA and each partner acknowledging the agreement. If one or more of the five partners listed is not present in the applicant's community, or cannot feasibly participate, the agreement must explain the absence of each missing partner. To be considered eligible for funding, however, an application must include a signed agreement between the LEA, a law enforcement partner, and at least one of the other required partners (public safety, public health, mental health, or head of local government).

Applications that fail to include the required agreement, including information on partners' roles and responsibilities and on their commitment to continuation and continuous improvement (with signatures and explanations for missing signatures as specified above), will not be read.

Although this program requires partnerships with other parties, administrative direction and fiscal control for the project must remain with the LEA.

2. *Coordination with State or Local Homeland Security Plan.* All emergency response and crisis management plans must be coordinated with the Homeland Security Plan of the State or locality in which the LEA is located. All States submitted such a plan to the Department of Homeland Security on January 30, 2004. To ensure that emergency services are coordinated, and to avoid duplication of effort within States and localities, applicants must include in their applications an assurance that the LEA will coordinate with, and follow the requirements of, their State or local Homeland Security Plan for emergency services and initiatives.

3. *Support of the National Incident Management System.* Applicants also must agree to support the implementation of the National Incident Management System (NIMS). In accordance with Homeland Security Presidential Directive/HSPD-5, the NIMS provides a consistent approach for Federal, State, and local governments to work effectively and efficiently together to prepare for, prevent, respond to, and recover from domestic incidents, regardless of cause, size, or complexity. LEAs, working in collaboration with State and local resources, are encouraged to achieve full NIMS implementation by September 30, 2005. To the extent that full compliance is not possible by September 30, 2005, LEAs, working in coordination with State and local resources, should leverage federal preparedness assistance

to complete NIMS implementation by September 30, 2006. To be considered eligible for funding, an application must include an assurance that the LEA has completed, or will complete by September 30, 2006, the following steps to support NIMS implementation:

- Administer the NIMS Awareness Course: "National Incident Management System (NIMS), An Introduction" (IS 700) to key district and school staff.

This independent study course, developed by the Emergency Management Institute (EMI), explains the purpose, principles, key components, and benefits of the NIMS. The course is available online and will take between forty-five minutes to three hours to complete. The course is available on the EMI Web site at: <http://training.fema.gov/EMIWeb/IS/is700.asp>.

- Formally recognize the NIMS and adopt NIMS principles and policies. Districts and/or their local government should establish an executive order, resolution, or ordinance to formally adopt the NIMS.

- Establish a NIMS baseline to determine which NIMS requirements have been met by the LEA. Districts should coordinate with their community partners to assess the district's overall compliance with the NIMS, and determine gaps in compliance that need to be closed in order to reach full implementation of the NIMS.

- Establish a timeframe and strategy for full NIMS implementation.

- Establish the use of the Incident Command System (ICS). The ICS has been established by the NIMS as the standardized incident organizational structure for the management of all incidents. Districts should coordinate with community partners listed above in institutionalizing the use of the ICS in a manner that is consistent with the concepts and principles in the NIMS.

Note: Since LEAs are integral to local governments, an LEA's NIMS compliance must be achieved in close coordination with the local government and with recognition of the first responder capabilities held by the LEA and the local government. As LEAs are not traditional response organizations, first responder services will typically be provided to LEAs by local fire and rescue departments, emergency medical service providers, and law enforcement agencies. This traditional relationship must be acknowledged in achieving NIMS compliance in an integrated NIMS compliance plan for the local government and the LEA. LEA participation in the NIMS preparedness program of the local government is essential to ensure that first responder services are delivered to schools in a timely and effective manner. Additional information about NIMS

implementation is available at <http://www.fema.gov/nims>.

4. *Individuals with Disabilities.* The applicant's plan must demonstrate that the applicant has taken into consideration the communication, transportation, and medical needs of individuals with disabilities within the school district.

Program Authority: 20 U.S.C. 7131.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 80, 81, 82, 84, 85, 97, 98, 99, and 299. (b) The notice of final priority and other application requirements published elsewhere in this issue of the **Federal Register**.

Note: The regulations in 34 CFR part 79 apply to all applicants except Federally recognized Indian tribes.

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds: \$27,000,000. Contingent upon the availability of funds, the Secretary may make additional awards in FY 2006 from the list of unfunded applicants from this competition.

Estimated Range of Awards: \$100,000–\$500,000.

Estimated Average Size of Awards: \$100,000 for small districts (1–20 school facilities); \$250,000 for medium-sized districts (21–75 school facilities); and \$500,000 for large districts (76 or more school facilities).

Estimated Number of Awards: 104.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 18 months.

III. Eligibility Information

1. *Eligible Applicants:* LEAs. Other eligibility requirements are listed in the *Other Application Requirements* elsewhere in this notice.

2. *Cost Sharing or Matching:* This program does not involve cost sharing or matching.

3. *Other:*

(a) *Equitable Participation by Private School Children and Teachers.*

Section 9501 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), requires that SEAs, LEAs or other entities receiving funds under the Safe and Drug-Free Schools and Communities Act are required to provide for the equitable participation of private school children, their teachers, and other educational personnel in private schools located in areas served by the grant recipient. In order to ensure that activities under this grant program address the needs of

private school children, LEAs must engage in timely and meaningful consultation with private school officials during the design and development of the program. This consultation must take place before any decision is made that affects the opportunities of eligible private school children, teachers, and other educational personnel to participate.

In order to ensure equitable participation of private school children, teachers, and other educational personnel, an LEA must consult with private school officials on issues such as: hazards/vulnerabilities unique to private schools in the LEA's service area, training needs, and existing emergency management plans and crisis response resources already available at private schools.

(b) *Maintenance of Effort.*

Section 9521 of the ESEA requires that LEAs may receive a grant only if the SEA finds that the combined fiscal effort per student or the aggregate expenditures of the LEA and the State with respect to the provision of free public education by the LEA for the preceding fiscal year was not less than 90 percent of the combined effort or aggregate expenditures for the second preceding fiscal year.

VI. Award Administration Information

1. **Award Notices:** If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. **Administrative and National Policy Requirements:** We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

3. **Reporting:** At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. You must also submit a progress report nine months after the award date. This report should provide the most current performance and financial expenditure information, including baseline data.

4. **Performance Measures:** The Secretary has established the following performance measures for assessing the effectiveness of the Emergency Response and Crisis Management Grant Program:

- Demonstration of increased number of hazards addressed by the improved school emergency response plan as compared to the baseline plan;
- Demonstration of improved response time and quality of response to practice drills and simulated crises; and
- A plan for and commitment to the sustainability and continuous improvement of the school emergency response plan by the district and community partners beyond the period of Federal financial assistance.

These three measures constitute the Department's indicators of success for this program. Consequently, applicants for a grant under this program are advised to give careful consideration to these three measures in conceptualizing the approach and evaluation of their proposed project. If funded, applicants will be asked to collect and report data in their performance and final reports about progress toward these measures.

DEPARTMENT OF EDUCATION

Safe and Drug-Free Schools Programs, Final Priority and Other Application Requirements

AGENCY: Office of Safe and Drug-Free Schools, Department of Education.

ACTION: Notice of final priority and other application requirements.

SUMMARY: The Assistant Deputy Secretary for Safe and Drug-Free Schools announces a priority and other application requirements under the Emergency Response and Crisis Management Grants program. We may use this priority and these application requirements for competitions in fiscal
