Estimated Number of Awards: 1–2.

The number of awards made under this competition will depend upon the quality of the applications received. The size of the awards will depend upon the scope of the projects proposed. Project Period: Up to 60 months. Grantees that propose a 60-month
project period will be required to supplement the annual performance report with an interim evaluation of the project near the end of the third budget period. The Department, at its discretion, will use the evaluation results along with the annual performance report to determine whether to continue the grant (See 34 CFR 75.250 through 75.253).

**Budget Period:** 12 months. (The first budget period is the first 12 months of the project period; subsequent budget periods commence on the first day following the previous budget period.)

**Full Text of Announcement**

**I. Funding Opportunity Description**

**Purpose of Program:** This program supports the establishment of Presidential Academies for the Teaching of American History and Civics that offer workshops for both veteran and new teachers of American history and civics to strengthen their knowledge and preparation for teaching these subjects (Presidential Academies).

**Priorities:** This competition contains one absolute priority and one invitational priority. We are establishing the absolute priority in accordance with section 437(d)(1) of the General Education Provisions Act (GEPA).

**Absolute Priority: For FY 2005 and any subsequent year in which we make awards based on the list of unfunded applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this absolute priority.

This priority is:

**Absolute Priority—Presidential Academies for New and Veteran Teachers of American History and Civics**

An applicant for a Presidential Academy must:

(a) Propose a project that would serve both new and veteran middle and/or high school teachers of American history and civics.

(b) Propose a project that provides for a summer residential academy of at least two weeks that focuses on helping teachers acquire a deeper understanding and knowledge of American history and civics. The academy must not replace a current, established project.

(c) Describe, in its application, how the professional development provided by the experience in the academy will improve student achievement in history and civics.

(d) Demonstrate, in its application, how specific civics and traditional American history content will be covered by the project, including the following:

**1) Civics content:** An understanding of the development and function of local, State and Federal Government and citizens’ responsibilities with respect to these institutions.

**2) Traditional American history content:**

(i) Significant issues, episodes and turning points in the history of the United States.

(ii) How the words and deeds of individuals have determined the course of the Nation.

(iii) How the principles of freedom and democracy articulated in the founding documents of this nation have shaped the United States' struggles and achievements as well as its social, political, and legal institutions and relations.

(e) Propose an evaluation on the success of the project in achieving project objectives that will (1) provide quality data related to the performance measure for this program listed in Section VI, 4 of this notice; and (2) provide the Department an interim evaluation report near the end of the third budget period. The Department, at its discretion, will use the evaluation results along with the annual performance report to determine whether to continue the grant (See 34 CFR 75.250 through 34 CFR 75.253).

The evaluation plan must be designed to shape the development of the project from the beginning of the project period. The plan must include benchmarks that monitor progress toward specific project objectives and performance measures to assess the impact on teaching, learning, and other important outcomes for project participants. More specifically, the plan must identify the individual(s) and/or organization(s) that will evaluate the project and describe their qualifications. The plan must describe the evaluation design, indicating:

(1) What types of data will be collected; (2) when various types of data will be collected; (3) what methods of evaluation will be used; (4) what instruments will be developed and when; (5) how the data will be analyzed; (6) when reports of results and outcomes will be available; and (7) how the applicant will use the evaluation to monitor progress of the project and to provide accountability information both about success at the initial site and effective strategies for replication of the academy in other settings. Applicants are encouraged to devote an appropriate level of resources to the project evaluation.

**Invitational Priority:** Within the absolute priority, we are particularly interested in applications that address the following invitational priority. Under 34 CFR 75.105(c)(1) we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

This priority is:

**Invitational Priority—Schools in High-Need Local Educational Agencies (LEAs)**

The proposed project will include a significant proportion of project participants from schools in high-need local educational agencies (LEAs). As defined in section 2102(3) of the Elementary and Secondary Education Act of 1965, as amended, a “high-need”—LEA is an LEA

(a)(1) That serves not fewer than 10,000 children from families with incomes below the poverty line, or (2) for which not less than 20 percent of the children served by the LEA are from families with incomes below the poverty line; or

(b) For which there is (1) a high percentage of teachers not teaching in the academic subjects or grade levels the teachers were trained to teach, or (2) a high percentage of teachers with emergency, provisional, or temporary certification or licensing.

**Waiver of Proposed Rulemaking:** Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed priorities, selection criteria, and eligibility requirements. Section 437(d)(1) of GEPA (20 U.S.C. 1232d(d)(1)), however, allows the Secretary to exempt from rulemaking requirements, regulations governing the first grant competition under a new or substantially revised program authority. This is the first grant competition for this program under the American History and Civics Education Act of 2004 and therefore qualifies for this exemption. In order to ensure timely grant awards, the Secretary has decided to forego public comment on the absolute priorities, selection criteria, and non-statutory application requirements in this notice under Section 437(d)(1) of GEPA. These absolute priorities, selection criteria, and eligibility requirements will apply to the FY 2005 grant competition and any subsequent year in which we make awards based on the list of unfunded applicants from this competition.

**Program Authority:** P.L. 108–474; 118 Stat. 3998.

**Applicable Regulations:** EDGAR in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.
Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

Note: The regulations in 34 CFR part 99 apply to an educational agency or institution.

Estimated Number of Awards: 1–2.

The number of awards made under this competition will depend upon the quality of the applications received. The size of the awards will depend upon the scope of the projects proposed. Priority: This priority is from the notice of final priority and other application requirements for this program, published elsewhere in this issue of the Federal Register.

Absolute Priority: For FY 2005 and any subsequent year in which we make awards based on the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

To be considered for a grant award, an applicant must include in its application an agreement that details the participation of each of the following five community-based partners: Law enforcement, public safety, public health, mental health, and the head of the applicant’s local government (for example the mayor, city manager, or county executive). The agreement must include a description of each partner’s roles and responsibilities in improving and strengthening emergency response plans at the district and school-building level, a description of each partner’s commitment to the continuation and continuous improvement of emergency response plans at the district and school-building level, and an authorized signature representing the LEA and each partner acknowledging the agreement. If one or more of the five partners listed is not present in the applicant’s community, or cannot feasibly participate, the agreement must explain the absence of each missing partner. To be considered eligible for funding, however, an application must include a signed agreement between the LEA, a law enforcement partner, and at least one of the other required partners (public safety, public health, mental health, or head of local government).

Applications that fail to include the required agreement, including information on partners’ roles and responsibilities and on their commitment to continuation and continuous improvement (with signatures and explanations for missing signatures as specified above), will not be read.

Although this program requires partnerships with other parties, administrative direction and fiscal control for the project must remain with the LEA.

2. Coordination with State or Local Homeland Security Plan. All emergency response and crisis management plans must be coordinated with the Homeland Security Plan of the State or locality in which the LEA is located. All States submitted such a plan to the Department of Homeland Security on January 30, 2004. To ensure that emergency services are coordinated, and to avoid duplication of effort within States and localities, applicants must include in their applications an assurance that the LEA will coordinate with, and follow the requirements of, their State or local Homeland Security Plan for emergency services and initiatives.

3. Support of the National Incident Management System. Applicants also must agree to support the implementation of the National Incident Management System (NIMS). In accordance with Homeland Security Presidential Directive/HSPD–5, the NIMS provides a consistent approach for Federal, State, and local governments to work effectively and efficiently together to prepare for, prevent, respond to, and recover from domestic incidents, regardless of cause, size, or complexity. LEAs, working in collaboration with State and local resources, are encouraged to achieve full NIMS implementation by September 30, 2005. To the extent that full compliance is not possible by September 30, 2005, LEAs, working in coordination with State and local resources, should leverage federal preparedness assistance.
