

Initiation of Antidumping Investigations

Based upon our examination of the Petitions on diamond sawblades and parts thereof from the PRC and Korea, we find that these Petitions meet the requirements of section 732 of the Act. Therefore, we are initiating antidumping duty investigations to determine whether imports of diamond sawblades from the PRC and Korea are being, or are likely to be, sold in the United States at less than fair value. Unless postponed, we will make our preliminary determinations no later than 140 days after the date of these initiations.

Distribution of Copies of the Petition

In accordance with section 732(b)(3)(A) of the Act, a copy of the public version of the Petition has been provided to the Government of the PRC and the Government of Korea.

International Trade Commission Notification

We have notified the International Trade Commission ("ITC") of our initiations, as required by section 732(d) of the Act.

Preliminary Determination by the ITC

The ITC will preliminarily determine, within 25 days after the date on which it receives notice of these initiations, whether there is a reasonable indication that imports of diamond sawblades and parts thereof from China and Korea are causing material injury, or threatening to cause material injury, to a U.S. industry. See section 733(a)(2) of the Act. A negative ITC determination will result in the investigations being terminated; otherwise, these investigations will proceed according to statutory and regulatory time limits.

This notice is issued and published pursuant to section 777(i) of the Act.

Dated: June 13, 2005.
