Federal Aviation Administration

Public Notice for Waiver of Aeronautical Land-Use Assurance; Gerald R. Ford International Airport; Grand Rapids, MI

AGENCY: Federal Aviation
Administration, DOT.

ACTION: Notice of intent of waiver with
respect to land.

SUMMARY: The Federal Aviation
Administration (FAA) is considering a
proposal to change a portion of the
airport from aeronautical use to non-
aeronautical use and to authorize the
sale of the airport property. The
proposal consists of a parcel of land
totaling approximately 5.76 acres.
Current use and present condition is
vacant grassland. The parcel is hilly and
partially wooded. The land was
acquired under FAA Project No. 9-20-
072-6001. There are no impacts to the
airport by allowing the airport to
dispose of the property. The proposal
concerns selling the land to the
Michigan Department of Transportation
to provide a right-of-way for the
proposed Interstate-96 interchange with
36th Street. The project will improve
traffic flow to areas along the northern
boundary of the airport. Approval does
not constitute a commitment by the
FAA to financially assist in the disposal
of the subject airport property nor a
determination of eligibility for grant-in-
aid funding from the FAA. The
disposition of proceeds from the
disposal of the airport property will be
in accordance FAA's Policy and
Procedures Concerning the Use of
Airport Revenue, published in the
Federal Register on February 16, 1999.

In accordance with section 47107(h)
of title 49, United States Code, this
notice is required to be published in the
Federal Register 30 days before
modifying the land-use assurance that
requires the property to be used for an
aeronautical purpose.

DATES: Comments must be received on
or before July 22, 2005.
