Note: Reviewer should note that the National Emergency Grants are awarded to States under Master Grant Agreements to fund approved projects within the State, on an on-going, as eligible basis. As reflected on table, PY 2004 grants/projects are funded with PY 2004 and FY 2005 funds. Likewise, PY 2005 grants/projects are funded with PY 2005 and FY 2006 funds. Financial reports are required to be submitted by project for each source of funds received.

It should also be noted that the number of projects per State varies, thus creating the need to average the number of reports per entity per quarter and per year.

The total burden cost was based upon a GS-12, Step 1 salary as calculated from Salary Table 2005-DCB, effective January 2005.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the ICR; they will become a matter of public record.

FLSA section 11(c) requires that all employers covered by the Act make, keep, and preserve records of wages, hours, and other conditions and practices of employment with respect to their employees. The employer is to maintain the records for such period of time and make such reports as prescribed by regulations issued by the Secretary of Labor. Form WH-14 is the application employers submit to obtain Federal Certificates of Age to protect themselves against unwitting child labor violations

of the Fair Labor Standards Act. This information collection is currently approved for use through January 31, 2006.

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records

when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: Requests for copies must be received in writing on or before August 15, 2005. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting the Life Cycle Management Division (NWML) using one of the following means (**Note** the new address for requesting schedules using e-mail):
