NUCLEAR REGULATORY COMMISSION**Final Regulatory Guide: Issuance, Availability**

The U.S. Nuclear Regulatory Commission (NRC) has issued a revision to an existing guide in the agency's

Regulatory Guide Series. This series has been developed to describe and make available to the public such information as methods that are acceptable to the NRC staff for implementing specific parts of the NRC's regulations, techniques that the staff uses in evaluating specific problems or postulated accidents, and data that the

staff needs in its review of applications for permits and licenses.

Revision 5 of Regulatory Guide 1.101, "Emergency Response Planning and Preparedness for Nuclear Power Reactors," provides guidance to licensees and applicants concerning emergency response planning activities and interactions. This guidance describes a voluntary method that the NRC staff considers acceptable for complying with the NRC's recently amended regulatory requirements in Appendix E to Title 10, Part 50, of the *Code of Federal Regulations* (10 CFR Part 50), particularly as they relate to exercise requirements for co-located licensees.

The NRC published the substance of this revised guide for public comment on July 24, 2003, in a **Federal Register** notice (68 FR 43673) concerning proposed amendments to the NRC's emergency planning regulations governing the domestic licensing of production and utilization facilities, as specified in Appendix E to 10 CFR Part 50. Following the closure of the 75-day public comment period on October 7, 2003, the staff resolved all stakeholder comments in the course of preparing the final rule (70 FR 3591, effective April 26, 2005) and Revision 5 of Regulatory Guide 1.101.

The NRC staff encourages and welcomes comments and suggestions in connection with improvements to published regulatory guides, as well as items for inclusion in regulatory guides that are currently being developed. You may submit comments by any of the following methods.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-03793]

Issuer Delisting; Notice of Application of Canada Southern Petroleum Ltd. To Withdraw Its Common Stock, No Par Value, From Listing and Registration on the Boston Stock Exchange, Inc.

June 23, 2005.

On June 14, 2005, Canada Southern Petroleum Ltd., continued under the Alberta Business Corporations Act

("Issuer"), filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 12d2-2(d) thereunder,² to withdraw its common stock, no par value ("Security"), from listing and registration on the Boston Stock Exchange, Inc. ("BSE").

On March 14, 2005, the Board of Directors ("Board") of the Issuer approved preambles and resolutions to withdraw the Security from listing and registration on BSE and the Pacific Exchange, Inc. ("PCX"). In making the decision to withdraw the Security from BSE, the Issuer stated that the following reasons factored into the Board's decision: (1) The Security (formerly known as "Limited Voting Shares" when the Issuer was domiciled in Nova Scotia, Canada) was originally listed for trading on the BSE and PCX to facilitate the secondary market trading of the Security in the U.S. until the Security was authorized for quotation on the Nasdaq SmallCap ("Nasdaq") marketplace in the 1990s; (2) The overwhelming majority of the U.S. trading volume in the Security occurs on Nasdaq, with very little (if any) trading volume occurring on BSE and PCX; (3) the Security will continue to trade in the U.S. on Nasdaq and in Canada on the Toronto Stock Exchange, so that the Issuer's U.S. and Canadian shareholders will not suffer a material decrease in market liquidity because of the planned withdrawal; and (4) the Issuer intends to enjoy cost savings of at least \$3,000 per year because it will no longer be required to pay annual listing maintenance fees to BSE and PCX.

The Issuer stated in its application that it has complied with BSE rules by complying with all applicable laws in effect in the province of Alberta, Canada, the jurisdiction in which the Issuer was continued effective March 2, 2005, and by filing with BSE the required documents governing the withdrawal of securities from listing and registration on BSE.

The Issuer's application relates solely to withdrawal of the Security from listing on BSE and from registration under Section 12(b) of the Act,³ and shall not affect its obligation to be registered under Section 12(g) of the Act.⁴

Any interested person may, on or before July 19, 2005, comment on the facts bearing upon whether the application has been made in
