

time curve) between the 10 and 150 mg/kg doses (dose ratio 15, AUC ratio 11). Substantial radioactivity was detected in bile suggesting first-pass metabolism was significant. T_{max} was around three times longer at the high dose level (3–6 hours (h) at 150 mg/kg versus 1–2 h at 10 mg/kg). The plasma elimination half-life of 31–41 h was similar for both doses. The blood cell elimination half-life was considerably longer at 69–162 hours for both doses. AUC 120 was higher in blood plasma following 14 doses at 10 mg/kg/day than following one dose (~2 fold) but more notably higher in blood cells (~5 fold).

Distribution of radioactivity after a single dose at 10 or 150 mg/kg or 14 consecutive doses at 10 mg/kg was similar at both dose levels and was highest in thyroid (thiazole label only), liver and blood cells. Concentrations 120 hours after the 14th dose were 5–15 fold higher than after the single dose, but all tissue accumulation was low. There were no substantial differences in distribution or excretion pattern between sexes. Extent of absorption, assessed in biliary excretion experiments, was similar between the sexes at 10 mg/kg (71–72% dose) but higher in females at 150 mg/kg (males, 48% dose; females 61% dose). All elements of this study indicate similar results for both labels and there was little evidence of cleavage of the intact molecule. Five major metabolites were identified each accounting for >5% dose: LGC-32794, LGC-32800, LGC-32801, LGC-32802, and LGC-32803. In one pathway, ethaboxam was N-deethylated to LGC-32794 followed by oxidation of the thiazole sulphur to LGC-32800. Ethaboxam also underwent enolization. In a second pathway the enol form underwent hydrolysis to the amide LGC-32801. In a third pathway the enol underwent sulphate conjugation to LGC-32802 and hydroxylation/sulphate conjugation to LGC-32803. Ethaboxam was detected as a major component of faecal extracts at both dose levels. Destructive catabolism of the molecule appeared to be negligible.

FEDERAL ACCOUNTING STANDARDS ADVISORY BOARD

Notice of Revised Exposure Draft *Accounting for Fiduciary Activities*

Board Action: Pursuant to 31 U.S.C. 3511(d), the Federal Advisory Committee Act (Pub. L. 92–463), as amended, and the FASAB Rules of

Procedure, as amended in April 2004, notice is hereby given that the Federal Accounting Standards Advisory Board (FASAB) has issued a revised exposure draft, *Accounting for Fiduciary Activities*. The proposed Exposure Draft would enhance reporting on fiduciary activities by clarifying the definition of fiduciary activities, reducing the number of acceptable approaches to accounting for these activities, and ensuring adequate disclosure in notes to the financial statements.

The Exposure Draft is available on the FASAB home page <http://www.fasab.gov/exposedraft.htm>. Copies can be obtained by contacting FASAB at (202) 512–7350. Respondents are encouraged to comment on any part of the exposure draft. Written comments are requested by August 30, 2005, and should be sent to: Wendy M. Comes, Executive Director, Federal Accounting Standards Advisory Board, 441 G Street, NW., Suite 6814, Mail Stop 6K17V, Washington, DC 20548.

A public hearing on the proposed standard has been scheduled for August 17, 2005.

FOR FURTHER INFORMATION CONTACT:

Wendy Comes, Executive Director, 441 G Street, NW., Washington, DC 20548, or call (202) 512–7350.

Authority: Federal Advisory Committee Act, Pub. L. 92–463.

Dated: June 29, 2005.

Charles Jackson,

Federal Register Liaison Officer.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Submitted for Review to the Office of Management and Budget

June 21, 2005.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, Public Law 104–13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number.

Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before August 5, 2005. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all Paperwork Reduction Act (PRA) comments to Judith B. Herman, Federal Communications Commission, Room 1–C804, 445 12th Street, SW., DC 20554 or via the Internet to Judith-B.Herman@fcc.gov. If you would like to obtain or view a copy of this new or revised information collection, you may do so by visiting the FCC PRA Web page at: <http://www.fcc.gov/omd/pr>.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Judith B. Herman at 202–418–0214 or via the Internet at Judith-B.Herman@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060–0357.

Title: Request for Designation as a Recognized Private Operating Agency.
Form No.: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents: 10.

Estimated Time Per Response: 5 hours.

Frequency of Response: On occasion reporting requirement.

Total Annual Burden: 35 hours.

Total Annual Cost: \$13,000.

Privacy Act Impact Assessment: No.

Needs and Uses: The Commission adopted and released a *Report and Order* in IB Docket No. 04–226, FCC 05–91, which adopted the proposals made in the preceding Notice of Proposed Rulemaking (NPRM) of the same title (FCC 04–133). This rulemaking is hereinafter referred to as the International E-Filing R&O. The International E-Filing R&O eliminates paper filings and requires applicants to
