

Noncompliance Information Report to NHTSA. In all other cases, the notification shall be provided in accordance with the schedule submitted to the agency pursuant to § 573.6(c)(8)(ii), unless that schedule is modified by the Administrator. The Administrator may direct a manufacturer to send the notification to dealers on a specific date if the Administrator finds, after consideration of available information and the views of the manufacturer, that such notification is in the public interest. The factors that the Administrator may consider include, but are not limited to, the severity of the safety risk; the likelihood of occurrence of the defect or noncompliance; the time frame in which the defect or noncompliance may manifest itself; availability of an interim remedial action by the owner; whether a dealer inspection would identify vehicles or items of equipment that contain the defect or noncompliance; and the time frame in which the manufacturer plans to provide the notification and the remedy to its dealers.

Fisheries of the Exclusive Economic Zone Off Alaska; "Other Flatfish" in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for "other flatfish" in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2005 "other

flatfish" total allowable catch (TAC) in the BSAI.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), July 6, 2005, through 2400 hrs, A.l.t., December 31, 2005.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2005 "other flatfish" TAC in the BSAI is 4,375 metric tons (mt) as established by the 2005 and 2006 final harvest specifications for groundfish in the BSAI (70 FR 8979, February 24, 2005) and the apportionment from the non-specified reserve of groundfish to "other flatfish" in the BSAI, effective July 6, 2005, published in the Rules section of today's **Federal Register**.

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS, has determined that the 2005 "other flatfish" TAC in the BSAI will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 3,375 mt, and is setting aside the remaining 1,000 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for "other flatfish" in the BSAI.

After the effective date of this closure the maximum retainable amounts at §§ 679.20(e) and (f) apply at any time during a trip.

"Other flatfish" consists of all flatfish species, except for Pacific halibut, flathead sole, Greenland turbot, rock sole, yellowfin sole, arrowtooth flounder, and Alaska plaice.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public

interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of "other flatfish" in the BSAI.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: June 29, 2005.
