## DEPARTMENT OF LABOR

### Bureau of Labor Statistics

#### Proposed Collection, Comment Request

**ACTION:** Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be

properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the "Telephone Point of Purchase Survey." A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

**DATES:** Written comments must be submitted to the office listed in the **ADDRESSES** section of this notice on or before September 6, 2005.

**ADDRESSES:** Send comments to Amy A. Hobby, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue, NE., Washington, DC 20212, telephone number 202-691-7628. (This is not a toll free number.)

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The purpose of this survey is to develop and maintain a timely list of retail, wholesale, and service establishments where urban consumers shop for specified items. This information is used as the sampling universe for selecting establishments at which prices of specific items are collected and monitored for use in calculating the Consumer Price Index (CPI). The survey has been ongoing since 1980 and also provides expenditure data that allows items that are priced in the CPI to be properly weighted.

##### II. Current Action

Office of Management and Budget clearance is being sought for the Telephone Point of Purchase Survey (TPOPS).

Since 1997, the survey has been administered quarterly via a computer-assisted-telephone-interview. This survey is flexible and creates the possibility of introducing new products into the CPI in a timely manner. The data collected in this survey are necessary for the continuing construction of a current outlet universe from which locations are selected for the price collection needed for calculating the CPI. Furthermore, the TPOPS provides the weights used in selecting the items that are priced at these establishments. This sample design produces an overall CPI market basket that is more reflective of the prices faced and the establishments visited by urban consumers.

For this clearance, the BLS and the Census Bureau have completed a sample redesign based on the 2000 Census to be implemented for the TPOPS in 2006. While the new sample is introduced, there will be some overlap of old and new samples in some primary sampling units (PSUs) or areas in which TPOPS data are collected. In addition, each new PSU will have an increased sample to be able to field a full outlet sample to collect prices for the CPI.

##### III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

*Type of Review:* Revision of a currently approved collection.

*Agency:* Bureau of Labor Statistics.

*Title:* Telephone Point of Purchase Survey.

*OMB Number:* 1220-0044.

*Affected Public:* Individuals or households.

*Total Respondents:* 22,627.

*Total Responses:* 59,964.

*Average Time Per Response:* 12 minutes.

*Estimated Total Burden Hours:* 11,993 hours.

*Total Burden Cost (capital/startup):* \$0.

*Total Burden Cost (operating/maintenance):* \$0.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

U.S.C. Chapter 35). The NRC hereby  
informs potential respondents that an  
agency may not conduct or sponsor, and  
that a person is not required to respond  
to, a collection of information unless it  
displays a current valid OMB control  
number.

1. *Type of submission, new, revision,  
or extension:* Revision.

2. *The title of the information  
collection:* 10 CFR part 32—Specific  
Domestic Licenses to Manufacture or  
Transfer Certain Items Containing  
Byproduct Material.

3. *The form number if applicable:*  
NRC Form 653, 653A, and 653B,  
“Transfers of Industrial Devices  
Report.”

4. *How often the collection is  
required:* There is a one-time submittal  
of information to receive a license.  
Renewal applications are submitted  
every 10 years. In addition,  
recordkeeping must be performed on an  
on-going basis, and reports of transfer of  
byproduct material must be reported  
every 5 years, and in a few cases, every  
year.

5. *Who will be required or asked to  
report:* All specific licensees who  
manufacture or initially transfer items  
containing byproduct material for sale  
or distribution to general licensees or  
persons exempt from licensing.

6. *An estimate of the number of

needed annually to complete the  
requirement or request:* 135,741 (36,623  
hours for NRC licensees [5,225 hours  
reporting, or an average of 8 hours per  
response + 31,398 hours recordkeeping,  
or 114 hours per recordkeeper] and  
99,118 hours for Agreement State  
licensees [20,863 hours reporting, or an  
average of 8.3 hours per response +  
78,255 hours recordkeeping, or an  
average of 112 hours per recordkeeper]).

9. *An indication of whether Section  
3507(d), Pub. L. 104-13 applies:* Not

establishes requirements for specific  
licenses for the introduction of  
byproduct material into products or  
materials and transfer of the products or  
materials to general licensees or persons  
exempt from licensing. It also prescribes  
requirements governing holders of the  
specific licenses. Some of the  
requirements are for information which  
must be submitted in an application for  
a specific license, records which must  
be kept, reports which must be  
submitted, and information which must  
be forwarded to general licensees and  
persons exempt from licensing. In  
addition, 10 CFR part 32 prescribes  
requirements for the issuance of  
certificates of registration (concerning  
radiation safety information about a  
product) to manufacturers or initial  
transferors of sealed sources and  
devices. Submission or retention of the  
information is mandatory for persons  
subject to the 10 CFR part 32  
requirements. The information is used  
by NRC to make licensing and other  
regulatory determinations concerning  
the use of radioactive byproduct  
material in products and devices.
