SUPPLEMENTARY INFORMATION:

I. Education Contracts Under Johnson-O'Malley Act Application and Regulatory Requirements

The regulatory authority allowing a collection of information to be conducted is provided in 25 CFR 273.50, as authorized by the Act of April 16, 1934 (48 Stat. 596). The collection of information is conducted annually, by tribes, Indian organizations and school districts who have contracted with the Bureau to administer a Johnson-O-Malley Program. The purpose of the collection is to provide for an accounting of expenditures and to measure effectiveness of an educational plan outlining educational objectives for Indian students.

II. Application for Admission to Haskell Indian Nations University and to Southwestern Indian Polytechnic Institute

The Bureau of Indian Affairs (BIA) is providing the admission forms for

Haskell Indian Nations University and the Southwestern Indian Polytechnic Institute for 60-day review and comment period. These admission forms are useful in determining program eligibility of American Indian and Alaska Native students for educational services. The forms have been changed to include a Paperwork Reduction Act and Public Burden statements, a Privacy Act statement, and an Effects of Non-Disclosure statement. These forms are utilized pursuant to Blood Quantum Act, Public Law 99-228; the Snyder Act, chapter 115, Public Law 67-85; and, the Indian Appropriations of the 48th Congress, chapter 180, page 91, For Support of Schools, July 4, 1884.

III. Data Elements for Student Enrollment in Bureau-Funded Schools

The data elements for enrollment information collected is for attendance in elementary and secondary schools funded by the Bureau of Indian Affairs and to address the criteria for attendance that was changed by the passage of Public Law 99-228. The Secretary of the Interior, through the Bureau of Indian Affairs, is required to provide educational services to federally recognized Indians and Alaskan Natives. Beginning with the Snyder Act and continuing with Public Laws 93-638, 95-561, 100-297, and 103-382, Congress has enacted legislation to ensure Indians receive educational opportunities. The data elements for enrollment information collected is for attendance in elementary and secondary schools operated and funded by the Bureau of Indian Affairs and to address the criteria for attendance that was changed by the passage of Public Law 99-228. This act allows for the tuition free attendance of any Indian student who is a member of a federally recognized tribe or is 1/4 degree blood quantum descendant of a member of such tribes, as well as for dependents of Bureau, Indian Health Service or tribal government employees who live on or near the school site.

IV. Student Transportation Form

The Student Transportation regulations in 25 CFR part 39, subpart G, contain the program eligibility and criteria, which govern the allocation of transportation funds. Information collected from the schools will be used to determine the rate per mile. The information collection is needed to provide transportation mileage for Bureau-funded schools, which will receive an allocation of transportation funds.

V. Request for Comments

The Bureau of Indian Affairs requests your comments on these collections concerning:

(a) The necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) The accuracy of the agency's estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used;

(c) Ways we could enhance the quality, utility and clarity of the information to be collected; and

(d) Ways we could minimize the burden of the collection of the information on the respondents, such as through the use of automated collection techniques or other forms of information technology.

Please note that an agency may not sponsor or request, and an individual need not respond to, a collection of information unless it has a valid OMB Control Number. A valid OMB Control Number is one with a current expiration date.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section, room 3609, during the hours of 8 a.m. to 4 p.m., e.s.t.
