ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[R10-OAR-2005-WA-0006; FRL-7936-3]

Approval and Promulgation of Air Quality Implementation Plans; Washington; Correcting Amendments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule; correcting amendments.

SUMMARY: EPA is taking direct final action on amendments which correct typographical numbering errors in the instructions amending the Code of Federal Regulations (CFR) in the approval of the serious area plan for attainment of the annual and 24-hour PM₁₀ standards for Wallula, Washington, published on May 2, 2005. PM₁₀ is particulate matter with an aerodynamic diameter less than or equal to a nominal 10 micrometers.

DATES: This direct final rule will be effective September 12, 2005, without further notice, unless EPA receives adverse comments by August 11, 2005. If adverse comments are received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket ID No. R10-OAR-2005-WA-0006, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Agency Web Site:* <http://www.epa.gov/edocket>. EDOCKET, EPA's electronic public docket and comment system, is EPA's preferred method for receiving comments. Follow the on-line instructions for submitting comments.

- *Mail:* Colleen Huck, Office of Air, Waste and Toxics, AWT-107, EPA, Region 10, 1200 Sixth Ave., Seattle, Washington 98101.

- *Hand Delivery:* Colleen Huck, Office of Air, Waste and Toxics, AWT-107, 9th Floor, EPA, Region 10, 1200 Sixth Ave., Seattle, Washington 98101. Such deliveries are only accepted during normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. R10-OAR-2005-WA-0006. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.epa.gov/edocket>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through EDOCKET, [regulations.gov](http://www.regulations.gov), or e-mail. The EPA EDOCKET and the Federal [regulations.gov](http://www.regulations.gov) Web site are "anonymous access" systems, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through EDOCKET or [regulations.gov](http://www.regulations.gov), your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the EDOCKET index at <http://www.epa.gov/edocket>. Although listed in the index, some information is not publicly available, such as CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in EDOCKET or in hard copy at EPA, Region 10, Office of Air, Waste and Toxics, 1200 Sixth Avenue, Seattle, Washington, from 8 a.m. to 4:30 p.m. Monday through Friday, excluding legal holidays.

FOR FURTHER INFORMATION CONTACT: Colleen Huck at telephone number: (206) 553-1770, e-mail address: Huck.Colleen@epa.gov, fax number: (206) 553-0110, or the above EPA, Region 10 address.

SUPPLEMENTARY INFORMATION:

I. Background

On May 2, 2005 (70 FR 22597), EPA approved a Washington State Implementation Plan (SIP) for the Wallula, Washington serious nonattainment area for PM₁₀. In approving the Wallula PM₁₀ serious area plan, EPA inadvertently made typographical errors in the amendatory instructions contained at the end of the notice. The third amendatory instruction contains an incorrect section number—§ 52.672. The section number should be identified as § 52.2475. In addition, EPA inadvertently added paragraph (e)(1) to § 52.2475 when that paragraph already existed. The intent of the rule was to amend that section by adding paragraph (e)(2). This document corrects the erroneous amendatory language.

II. Direct Final Action

EPA is publishing this action without a prior proposal because EPA views this as a noncontroversial amendment and anticipates no adverse comments. In the proposed rules section of this **Federal Register** publication, however, EPA is publishing a separate document that will serve as the proposal to approve the SIP revision should relevant adverse comments be filed. This direct final rule is effective on September 12, 2005 without further notice, unless EPA receives adverse comment by August 11, 2005. If adverse comment is received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule did not take effect. All public comments received will then be addressed in a subsequent final rule based on the proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting must do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

III. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This action merely approves state law as meeting Federal

requirements and imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4).

This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 6, 2000). This action also does not have Federalism implications because it does not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely approves a state rule implementing a Federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This rule also is not subject to Executive Order 13045 "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.

This action does not involve technical standards; thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate,

the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by September 12, 2005. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

Approval and Promulgation of State Air Quality Plans for Designated Facilities and Pollutants, Commonwealth of Virginia; Control of Municipal Waste Combustor Emissions From Small Existing Municipal Solid Waste Combustor Units

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is taking direct final action to approve the Commonwealth of Virginia Department of Environmental Quality (DEQ) small municipal waste combustor plan (the plan) for implementing emission guideline (EG) requirements promulgated under the Clean Air Act (the Act). The plan establishes emission limits, monitoring, operating, and recordkeeping requirements for existing small MWC units with capacities of 35 to 250 tons per day (TPD) of municipal solid waste (MSW). An existing MWC unit is defined as one for which construction commenced on or before August 30, 1999.

DATES: This rule is effective September 12, 2005 without further notice, unless EPA receives adverse written comment by August 11, 2005. If EPA receives such comments, it will publish a timely withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Regional Material in EDocket (RME) ID Number RO3-OAR-2005-VA-0009 by one of the following methods:
