The area described contains 3,530.62 acres in Phillips County.

The proposed withdrawal extension would allow reclamation of the Zortman and Landusky mining area to be continued without the interference of further locations under the United States mining laws.

As extended, the withdrawal would not alter the applicability of those public land laws governing the use of the land under lease, license, or permit, or governing the disposal of their mineral or vegetative resources other than under the mining laws.

The use of a right-of-way, or interagency, or cooperative agreement are not considered to be desirable or acceptable alternatives.

There are no suitable alternative sites available where the withdrawal would facilitate mine reclamation since the location of the Zortman and Landusky mines and the necessary reclamation materials are fixed.

No water rights will be needed to fulfill the purpose of the requested withdrawal.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extension may present their views in writing to the Montana State Director of the Bureau of Land Management at the address noted above.

Comments, including names and street addresses of respondents, will be available for public review at the BLM Malta Field Office, 501 South 2nd Street East, HC 65, Box 5000, Malta, Montana 59538-0047, during regular business hours 8 a.m. to 4:30 p.m., Monday through Friday, except holidays.
