to be furnished by nonprofit agencies
employing persons who are blind or

deletes from the Procurement List
products previously furnished by such
agencies.

DATES: *Effective Date:* August 15, 2005.

SUPPLEMENTARY INFORMATION:

Additions

On May 6, May 13, and May 20, 2005,
the Committee for Purchase From
People Who Are Blind or Severely
Disabled published notice (70 FR 23979,
25534/25535/25536, and 29274) of
proposed additions to the Procurement
List.

After consideration of the material
presented to it concerning capability of
qualified nonprofit agencies to provide
the products and services and impact of
the additions on the current or most
recent contractors, the Committee has
determined that the products and
services listed below are suitable for
procurement by the Federal Government
under 41 U.S.C. 46-48c and 41 CFR 51-
2.4.

The following material pertains to the
products identified in this **Federal
Register** notice.

By notice of May 13, 2005 (70 FR
25534), the Committee proposed to add
the following quantities of military
uniforms to its Procurement List:

New Army Combat Uniform (ACU)
Coats & Trousers "Transition Quantities
Qualified Nonprofit Agencies under the
Committee's program are currently
authorized to produce 300,000 Battle
Dress Uniform (BDU) trousers and
100,000 BDU coats. During the Army's
transition from BDU to the ACU, at the
request of the Defense Supply Center-

Philadelphia (DSCP), it is proposed that
qualified nonprofit agencies produce an
additional 200,000 BDU trousers,
900,000 ACU coats, 900,000 ACU
trousers, and 50,000 BDU coats
annually, for a period of three years.
Once the transition period is complete,
the additional quantities will be deleted
from the Procurement List and the
qualified nonprofit agencies will reduce
their production, back to 300,000 ACU
trousers and 100,000 ACU coats."

On June 16, 2005, DSCP took action
to issue immediate Stop Work Orders to
all manufacturers of BDU uniforms of
all types, including the nonprofit
agencies currently producing BDUs
under the Committee's program. The
transition to the ACUs will be
accelerated, without the planned three
year period of transition from BDUs to
ACUs. Therefore, the Committee
decided to convert the announced
addition quantities of BDUs into the
same quantities of ACUs proposed in
the May 13, 2005, notice of proposed
addition (70 FR 25534). These
additional quantities of ACUs will
remain on the Procurement List for a
period of three years and then will be
deleted.

Under the Committee's replacement
commodity regulation (41 CFR 51-
6.13(a)), the additional quantities of
BDUs proposed by the May 13, 2005,
notice (70 FR 25534) are automatically
considered to be on the Procurement
List as ACU replacements for the BDUs,
by virtue of this notice of addition. The
BDUs will also remain on the
Procurement List until there is no longer
a Government requirement for BDUs.

The following material pertains to all
of the items being added to the
Procurement List.

Regulatory Flexibility Act Certification

I certify that the following action will
not have a significant impact on a
substantial number of small entities.
The major factors considered for this
certification were:

1. The action will not result in any
additional reporting, recordkeeping or
other compliance requirements for small
entities other than the small
organizations that will furnish the
products and services to the
Government.

2. The action will result in
authorizing small entities to furnish the
products and services to the
Government.

3. There are no known regulatory
alternatives which would accomplish
the objectives of the Javits-Wagner-
O'Day Act (41 U.S.C. 46-48c) in
connection with the products and

services proposed for addition to the Procurement List.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Transactions of U.S. Affiliate, Except a U.S. Banking Affiliate, with Foreign Parent (Form BE-605) and Transactions of U.S. Banking Affiliate with Foreign Parent (Form BE-605 Bank) obtain quarterly sample data on transactions and positions between foreign-owned U.S. business enterprises and their "affiliated foreign groups" (*i.e.*, their foreign parents and foreign affiliates of their foreign parents). The data collected are used in the preparation of the U.S. international transactions accounts, national income and product accounts, and input-output accounts. The data are needed to measure the amount of foreign direct investment in the United States, monitor changes in such investment, assess its impact on the U.S. and foreign economies and, based upon this assessment, make informed policy decisions regarding foreign direct investment in the United States.

BEA proposes the following changes to the survey: (1) To maintain consistency of the U.S. international transactions accounts with current international statistical standards, collect information on payments to and receipts from the foreign parent and foreign affiliates of the foreign parent gross of any taxes withheld. Previously, the information was collected net of taxes withheld. (2) To avoid potential duplication, modify the instructions for the survey to instruct respondents to exclude positions and transactions in financial derivatives contracts that are to be reported on or derived from information reported to the Federal Reserve Bank of New York on the new Treasury International Capital Form D, Report of Holdings of, and Transactions in, Financial Derivatives Contracts with
