**DEPARTMENT OF DEFENSE**

**Department of the Army; Corps of Engineers**

**Intent To Prepare a Draft Environmental Impact Statement/ Environmental Impact Report (DEIS/ DEIR) for Proposed Future Permit Actions Under Section 404 of the Clean Water Act for the Newhall Ranch Specific Plan and Associated Facilities Along Portions of the Santa Clara River and Its Side Drainages, and Development of a Candidate Conservation Agreement with Assurances (CCAA) for the San Fernando Valley Spineflower, in Los Angeles County, California, With the U.S. Fish and Wildlife Service**

**AGENCY:** U.S. Army Corps of Engineers, DoD.

**ACTION:** Revised Notice of Intent.

**SUMMARY:** The project proponent and landowner, The Newhall Land and Farming Company (Newhall Land), has requested a long-term Clean Water Act Section 404 permit from the Corps of Engineers for facilities associated with the Newhall Ranch Specific Plan. The action is necessary to facilitate buildout of the Specific Plan. The effect will be to authorize the construction of bridges, flood control structures, and to grade and fill certain side drainages for roads and buildings. The reason for this revised notice of intent (NOI) is because the project proponent's proposed action has been expanded to include development of a voluntary CCAA between Newhall Land and the U.S. Fish and Wildlife Service (USFWS) to specify spineflower preserve locations, manage spineflower habitat, and to authorize future take of spineflower, in the event it becomes federally listed under the federal Endangered Species Act as threatened or endangered, involving three properties: Newhall Ranch, Valencia Commerce Center, and Entrada. The Corps of Engineers intends to prepare a Draft Environmental Impact Statement (DEIS) to evaluate the potential effects of the proposed action on the environment. To eliminate duplication of paperwork, the Corps of Engineers intends to coordinate the DEIS with the Draft Environmental Impact Report (DEIR) being prepared by the California Department of Fish and Game. The joint document will meet the requirements of the National Environmental Policy Act (NEPA) as well as enable the Corps to analyze the project pursuant to the 404(b)(1) Guidelines and assess potential impacts on various public interest factors.

**FOR FURTHER INFORMATION CONTACT:**

Questions about the proposed action and Draft EIS/EIR can be answered by Dr. Aaron O. Allen, Corps Project Manager, at (805) 585-2148. Comments shall be addressed to: U.S. Army Corps of Engineers, Los Angeles District, Ventura Field Office, ATTN: File Number 2003-01264-AOA, 2151 Alessandro Drive, Suite 110, Ventura, CA 93001. **SUPPLEMENTARY INFORMATION:**

1. *Project Site and Background Information.* The Newhall Ranch site is located in northern Los Angeles County and encompasses approximately 12,000 acres. The Santa Clara River and State Route 126 traverse the northern portion of the Specific Plan area.

The river extends approximately 5.5 miles east to west across the site. On March 27, 2003, the Los Angeles County Board of Supervisors approved the Specific Plan, which establishes the general plan and zoning designations necessary to develop the site with residential, commercial, and mixed uses over the next 20 to 30 years. The Newhall Ranch Specific Plan also includes a Water Reclamation Plant at the western edge of the project area. Individual projects, such as residential, commercial, and industrial developments, roadways, and other public facilities would be developed over time in accordance with the development boundaries and guidelines in the approved Specific Plan. Many of these developments would require work in and adjacent to the Santa Clara River and its side drainages ("waters of the United States").

Newhall Land would develop most of the above facilities. However, other entities could construct some of these facilities using the approvals or set of approvals issued to Newhall Land. The proposed Section 404 permit would also include routine maintenance activities to be carried out by Los Angeles County Department of Public Works using the Section 404 permit issued to Newhall Land. Any party utilizing a Section 404 permit issued to Newhall Land would be bound by the same conditions in the Section 404 permit.

The CCAA area includes Newhall Ranch and two other areas adjacent to Newhall Ranch, the Valencia Commerce Center and Entrada areas. The Valencia Commerce Center is a partially built out commercial/industrial center located east of Newhall Ranch and north of State Route 126. Entrada is a proposed residential development located east of
