## SECURITIES AND EXCHANGE COMMISSION

### Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

#### Extension:

Rule 17f-2(d); SEC File No. 270-36; OMB Control No. 3235-0028.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 17f-2(d) was adopted on March 16, 1976, and was last amended on November 18, 1982. Paragraph (d) of the rule (i) requires that records produced pursuant to the fingerprinting requirements of Section 17(f)(2) of the Securities Exchange Act of 1934 ("Exchange Act") be maintained, (ii) permits the designated examining authorities of broker-dealers or members of exchanges, under certain circumstances, to store and maintain records required to be kept by this rule, and (iii) permits the required records to be maintained on microfilm.

The general purpose for Rule 17f-2 is: (i) to identify security risk personnel; (ii) to provide criminal record

information so that employers can make fully informed employment decisions; and (iii) to deter persons with criminal records from seeking employment or association with covered entities.

Retention of fingerprint records, as required under paragraph (d) of the Rule, enables the Commission or other examining authority to ascertain whether all required persons are being fingerprinted and whether proper procedures regarding fingerprint are being followed. Retention of these records for the term of employment of all personnel plus three years ensures that law enforcement officials will have easy access to fingerprint cards on a timely basis. This in turn acts as an effective deterrent to employee misconduct.

Approximately 9,468 respondents are subject to the recordkeeping requirements of the rule. Each respondent keeps approximately 32 new records per year, which takes approximately 2 minutes per record for the respondent to maintain, for an annual burden of 64 minutes per respondent. All records subject to the rule must be retained for the term of employment plus 3 years. The Commission estimates that the total annual cost to submitting entities is approximately \$196,850. This figure reflects estimated costs of labor and storage of records.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to R. Corey Booth, Director/Chief Information Officer, Office of Information Technology, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549.

Dated: July 13, 2005.

## SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

### In the Matter of NetCurrents Information Services, Inc.; Order of Suspension of Trading

July 15, 2005.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of NetCurrents Information Services, Inc., because the company is delinquent in its periodic filing obligations under section 13(a) of the Securities Exchange Act of 1934 and because of possible manipulative conduct occurring in the market for the company's stock. NetCurrents Information Services, Inc. last filed an annual report on Form 10-KSB for the year ended December 31, 2000, and last filed a quarterly report on Form 10-QSB for the quarter ended September 30, 2001.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the common stock (ticker symbol NCIS) and Series A 8.5% convertible preferred stock (ticker symbol NCISP) of the above-listed company.

Therefore, it is ordered, pursuant to section 12(k) of the Securities Exchange Act of 1934, that trading in the above-listed company is suspended for the period from 9:30 a.m. e.d.t. on July 15, 2005, through 11:59 p.m. e.d.t. on July 28, 2005.

By the Commission.

**J. Lynn Taylor,**

*Assistant Secretary.*

## SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

### In the Matter of Secure Solutions Holdings, Inc.; Order of Suspension of Trading

July 15, 2005.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Secure Solutions Holdings, Inc., ("SSLX") because of questions regarding the accuracy of assertions by SSLX and others in SSLX's press release concerning, among other things, the identify of the management and directors of the company and the status of its corporate organizations.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above listed company.

Therefore, it is ordered, pursuant to section 12(k) of the Securities Exchange Act of 1934, that trading in the above listed company is suspended for the period from 9:30 a.m., e.d.t., July 15, 2005, through 11:59 p.m., e.d.t., on July 28, 2005.

By the Commission.

**J. Lynn Taylor,**

*Assistant Secretary.*

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-52028; File No. SR-CBOE-2005-49]

### Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Increasing the Class Quoting Limit in Options on DIAMONDS®

July 13, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on June 22, 2005, the Chicago Board Options Exchange, Incorporated (“CBOE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the CBOE. The CBOE has designated this proposal as one constituting a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule under Section 19(b)(3)(A)(i) of the Act,<sup>3</sup> and Rule 19b-4(f)(1) thereunder,<sup>4</sup> which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The CBOE proposes to increase the class quoting limit in options on DIAMONDS® (“DIA”). The text of the

proposed rule change is available on the Exchange’s Internet Web site (<http://www.cboe.com>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

CBOE Rule 8.3A, Maximum Number of Market Participants Quoting Electronically per Product, establishes class quoting limits (“CQLs”) for each class traded on the Hybrid Trading System.<sup>5</sup> A CQL is the maximum number of quoters that may quote electronically in a given product and the current levels are established from 25–40, depending on the trading activity of the particular product.

CBOE Rule 8.3A.01(c) provides a procedure by which the President of the Exchange may increase the CQL for a particular product. In this regard, the President of the Exchange may increase the CQL in exceptional circumstances, which are defined in the rule as “substantial trading volume, whether actual or expected.”<sup>6</sup> The effect of an increase in the CQL is procompetitive in that it increases the number of market participants that may quote electronically in a product. The purpose of this filing is to increase the CQL for options on DIA, which CBOE added to its Hybrid Trading System effective as of June 23, 2005. Specifically, the Exchange proposes to increase the CQL in DIA options by 5, from 25 to 30.

DIA options are actively traded Exchange-Traded Funds on the Exchange, and there is substantial trading volume in them, which CBOE

anticipates will increase as DIA options are traded on the Hybrid Trading System. Increasing the CQL in DIA options will enable the Exchange to enhance the liquidity offered, thereby offering deeper and more liquid markets. The Exchange represents that it will comply with all of the requirements of CBOE Rule 8.3A in increasing the CQL in DIA options and, if it determines subsequently to reduce such CQL, in reducing the CQL in such options.<sup>7</sup> Changes to the CQL will be announced to the membership via Information Circular.

###### 2. Statutory Basis

The CBOE believes that the proposed rule change is consistent with the Act and the rules and regulations under the Act applicable to a national securities exchange and, in particular, the requirements of Section 6(b) of the Act.<sup>8</sup> Specifically, the Exchange believes that the proposed rule change is consistent with the provisions of Section 6(b)(5),<sup>9</sup> which require the rules of an exchange to be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest.

##### B. Self-Regulatory Organization’s Statement on Burden on Competition

The CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

##### C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange neither solicited nor received written comments on the proposed rule change.

#### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change will take effect upon filing with the Commission pursuant to Section

<sup>7</sup> The Exchange has represented that it will follow the procedures outlined in CBOE Rule 8.3A.01(a) for assigning a new CQL, based on revised trading volume statistics, at the end of the calendar quarter, and that if the new CQL is lower than the increased CQL assigned as a result of this proposed rule change, the procedures outlined in CBOE Rule 8.3A.01(a) will be followed. Telephone conversation between Patrick Sexton, Assistant General Counsel, CBOE and Edward Cho, Attorney, Division of Market Regulation, Commission (July 6, 2005).
