Most individual respondent data are not considered confidential. Applicants may, however, request that parts of their membership applications be kept confidential, but in such cases the applicant must justify its request by demonstrating that disclosure would cause "substantial competitive harm" or result in "an unwarranted invasion of personal privacy." Because the confidentiality status of the information submitted will be judged on a case-by-case basis, the forms themselves raise no issues under the Freedom of Information Act, (5 U.S.C. 552).

Abstract: These application forms are required by the Federal Reserve Act and Regulation I. These forms must be used by a new or existing member bank (including a national bank) to request the issuance, and adjustment in, or cancellation of Federal Reserve Bank stock. The forms must contain certain

certifications by the applicants, as well as certain other financial and shareholder data that is needed by the Federal Reserve to process the request.

Current actions: No changes are contemplated to four of the six application forms (the FR 2030, 2030a, 2086, and 2087). The changes proposed for the other two forms (the 2056, and 2086a) are generally technical in nature. The FR 2056 and its attachment would be modified to allow for their usage by a mutual savings bank (which currently has no adjustment form) and to ensure that the correct capital and surplus data is provided when the requested adjustment relates to a proposed merger or consolidation. The modifications would allow this form to be used by a member bank that survives the merger or consolidation of two member banks, an adjustment not clearly addressed by the current stock forms. The FR 2086a also would be slightly modified to reflect that it could be used by a member bank that is eliminated during the merger or consolidation of two member banks for the cancellation of its Federal Reserve Bank stock.
