NATIONAL SCIENCE FOUNDATION

45 CFR Part 613

RIN RIN 3145-AA43

Changes to Exemptions Under CFR Part 613—Privacy Act Regulations

AGENCY: National Science Foundation.

ACTION: Final rule.

SUMMARY: This final rule will amend the Privacy Act regulations at 45 CFR 613.5, Exemptions, by adding a new subsection (g), Statistical records. The amendment exempts three systems of NSF statistical records, "Doctorate Records Files," "Doctorate Work History Files" and "National Survey of Recent College Graduates & Follow-up Files" from the application of 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (H), and (I), and (f) pursuant to Privacy Act exemption (k)(4), 5 U.S.C. 552a(k)(4). Exemption (k)(4) permits exemption if the system of records is "required by statute to be maintained and used solely as statistical records." The three named NSF/Science Resource Studies systems of records contain statistical data required by subsection 14(i) of the NSF Act of 1950, as amended, and Title V of the Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA), to be used for statistical purposes only, and thus meet the requirements of exemption (k)(4).

DATES: *Effective Date:* This amendment will be effective August 1, 2005.

■ For the reason stated in the preamble, the National Science Foundation revises 45 CFR part 613 as follows:

PART 613—PRIVACY ACT REGULATIONS

Sec.

- 613.1 General provisions.
- 613.2 Requesting access to records.
- 613.3 Responding to requests for access to records.
- 613.4 Amendment of records.
- 613.5 Exemptions.
- 613.6 Other rights and services.

Authority: 5 U.S.C. 552a.

§ 613.1 General Provisions.

This part sets forth the National Science Foundation procedures under the Privacy Act of 1974. The rules in this part apply to all records in systems of records maintained by NSF that are retrieved by an individual's name or personal identifier. They describe the procedures by which individuals, as defined in the Privacy Act, may request access to records about themselves and request amendment or correction of those records. All Privacy Act requests for access to records are also processed under the Freedom of Information Act, 5 U.S.C. 552 (as provided in part 612 of this chapter), which gives requesters the benefit of both statutes. Notice of systems of records maintained by the National Science Foundation are published in the **Federal Register**.

§ 613.2 Requesting access to records.

(a) *Where to make a request.* You may make a request for access to NSF records about yourself by appearing in person at the National Science Foundation or by making a written request. If you choose to visit the Foundation, you must contact the NSF Security Desk and ask

to speak with the Foundation's Privacy Act Officer of the General Counsel. Written requests should be sent to the NSF Privacy Act Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 1265, Arlington, VA 22230. Written requests are recommended, since in many cases it may take several days to determine whether a record exists, and additional time may be required for record(s) retrieval and processing.

(b) *Description of requested records.*

You must describe the records that you seek in enough detail to enable NSF personnel to locate the system of records containing them with a reasonable amount of effort. Providing information about the purpose for which the information was collected, applicable time periods, and name or identifying number of each system of records in which you think records about you may be kept, will help speed the processing of your request. NSF publishes notices in the **Federal Register** that describe the systems of records maintained by the Foundation. The Office of the Federal Register publishes a biennial "Privacy Act compilation" that includes NSF system notices. This compilation is available in many large reference and university libraries, and can be accessed electronically at the Government Printing Office's Web site at www.access.gpo/su_docs/aces/PrivacyAct.shtml.

(c) *Verification of identity.* When requesting access to records about yourself, NSF requires that you verify your identity in an appropriate fashion. Individuals appearing in person should be prepared to show reasonable picture identification such as driver's license, government or other employment identification card, or passport. Written requests must state your full name and current address. You must sign your request and your signature must either be notarized, or submitted by you under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. While no specific form is required, you may obtain information about these required elements for requests from the NSF Privacy Act Officer, Suite 1265, 4201 Wilson Blvd, Arlington, VA 22230, or from the NSF Home Page under "Public & media Information—FOIA and Privacy Act" at <http://www.nsf.gov/home/pubinfo/foia.htm>. In order to help agency personnel in locating and identifying requested records, you may also, at your option, include your social security number, and/or date and place of birth. An individual reviewing his or her record(s) in person may be
