Proposed CERCLA Administrative Cost Recovery Settlement; Shawn Callister, Plain City Drum Site, Weber County, Utah

AGENCY: Environmental Protection Agency (EPA).

ACTION: Administrative order on consent; request for public comment.

SUMMARY: In accordance with section 122(h)(1) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended (CERCLA), 42 U.S.C. 9622(i), notice is hereby given of a proposed Administrative Order On Consent (AOC) for recovery of certain past response costs concerning the Plain City Drum Site in Weber County, Utah, with Mr. Shawn Callister, Respondent. The settlement requires Mr. Callister to pay \$10,000.00 to the Hazardous Substance Superfund for partial payment of past response costs incurred by EPA. The AOC includes a covenant not to sue or to take judicial or administrative action against the Respondent pursuant to sections 106 and 107(a) of CERCLA, 42 U.S.C. 9606 and 9607(a). This covenant not to sue is conditioned upon the veracity and completeness of the Financial Information provided to EPA by Mr. Callister. The covenant not to sue extends only to Mr. Callister and does not extend to any other person.

In response to the release or threatened release of hazardous substances at or from the Site, EPA undertook response actions at the Site pursuant to section 104 of CERCLA, 42 U.S.C. 9604, including emergency removal actions to overpack and properly dispose of twenty eight (28) 55-gallon drums containing flammable liquids. At the time of removal the drums were in poor condition. Some were bulging and some had rusting holes. On-site air monitoring showed the drums were releasing hazardous constituents in the air. The drums were located adjacent to a residence with horse corrals and were approximately 3.5 miles from the Harold's Crane Waterfowl Management Area.

DATES: Comments must be submitted on or before August 26, 2005.

ADDRESSES: The proposed settlement is available for public inspection at the Superfund Records Center, EPA Region 8, 999 18th Street, Suite 300, Denver, CO 80202-2466, (303) 312-6473.

Notice of Proposed Administrative Settlement Pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act, as Amended by the Superfund Amendments and Reauthorization Act (PRC Patterson Superfund Removal Site)

AGENCY: Environmental Protection Agency.

ACTION: Notice, request for public comments.

SUMMARY: In accordance with Section 122(i) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended ("CERCLA"), 42 U.S.C. 9622(i), notice is hereby given of a proposed Administrative Order on Consent ("AOC, Region 9 Docket No. 2005-0005) pursuant to Section 122(h) of CERCLA concerning the PRC PATTERSON SUPERFUND REMOVAL SITE (the "Site"), located in Patterson, California. The respondent to the AOC

is the Ramos Environmental Services ("Ramos"). Through the proposed AOC, Ramos will reimburse the United States \$70,000 in response costs incurred at the Site. The AOC provides Ramos with a covenant not to sue and contribution protection for the removal action at the Site. This AOC follows three previous administrative settlements, and will be the last enforcement action regarding this Site. Ramos is the last remaining viable party that is potentially responsible for federal costs at the Site, and is resolving its liability after EPA determined its financial strength and ability to make a reimbursement payment. In total, EPA will have recovered \$570,001 for this Site, leaving an unrecovered balance of approximately \$200,000.

For thirty (30) days following the date of publication of this Notice, the Agency will receive written comments relating to the proposed AOC. The Agency's response to any comments received will be available for public inspection at EPA'S Region IX offices, located at 75 Hawthorne Street, San Francisco, California 94105.

DATES: Comments must be submitted on or before 30 days following the date of publication of the Notice.

ADDRESSES: The proposed AOC may be obtained from Judith Winchell, Docket Clerk, telephone (415) 972-3124.

Comments regarding the proposed Agreement should be addressed to Judith Winchell (SFD-7) at EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105, and should reference the PRC Patterson Superfund Removal Site, Patterson, California, and USEPA Docket No. 2005-0005.
