

**SECURITIES AND EXCHANGE
COMMISSION****[File No. 500-1]****In the Matter of Greyfield Capital, Inc.;
Order of Suspension of Trading**

July 27, 2005.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Greyfield Capital, Inc. ("GRYF") because of questions as to whether the company was validly reorganized as an Oregon company and the identity of its current officers and directors, whether there have been inaccurate statements about what line of business it is in, whether its recent issuance of shares was validly authorized, and whether there are exaggerations concerning the magnitude of the company's operations in recent press releases.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

Therefore, *it is ordered*, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the above-listed company is suspended for the period from 9:30 a.m. EDT July 27, 2005 through 11:59 p.m. EDT, on August 9, 2005.

By the Commission.

On July 18, 2005, the CBOE filed Amendment No. 1 to the proposed rule change.³ The CBOE has designated this proposal as one constituting a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule under Section 19(b)(3)(A)(i) of the Act,⁴ and Rule 19b-4(f)(1) thereunder,⁵ which renders the proposal effective upon filing with the Commission. change, as amended, from interested persons.

**I. Self-Regulatory Organization's
Statement of the Terms of Substance of
the Proposed Rule Change**

The CBOE proposes to amend CBOE Rule 8.3A pertaining to Class Quoting Limits ("CQL"). The text of the proposed rule change is available on the Exchange's Internet Web site (<http://www.cboe.com>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

**II. Self-Regulatory Organization's
Statement of the Purpose of, and
Statutory Basis for, the Proposed Rule
Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

**A. Self-Regulatory Organization's
Statement of the Purpose of, and
Statutory Basis for, the Proposed Rule
Change****1. Purpose**

CBOE Rule 8.3A, Maximum Number of Market Participants Quoting Electronically per Product, establishes the upper limit, or CQL, on the number of members that may quote electronically in a particular product traded on the CBOE's Hybrid Trading System and Hybrid 2.0 Platform.⁶ The methodology for determining which members may submit electronic quotations in a product is governed by paragraphs (a) through (c) of CBOE Rule 8.3A.

The purpose of this proposed rule change is to amend CBOE Rule 8.3A in order to expressly note CBOE's interpretation that a Market-Maker, who holds an appointment pursuant to CBOE Rule 8.3 in an option class traded on the Hybrid Trading System or the Hybrid 2.0 Platform but does not quote electronically in that option class under the provisions of CBOE Rule 8.7(d)(i), does not count towards the CQL in that option class.

Pursuant to CBOE Rule 8.3, a Market-Maker has the right to quote (a) electronically in all classes traded on

⁶ See CBOE Rule 8.3A.01. See also Securities Exchange Act Release No. 51429 (March 24, 2005), 70 FR 16536 (March 31, 2005) (SR-CBOE-2004-58).

the Hybrid Trading System that are located in one trading station and a certain number of classes traded on the Hybrid 2.0 Platform that are located in one trading station and (b) in open outcry in all classes traded on the Exchange. However, pursuant to CBOE Rule 8.7(d)(i), a Market-Maker that does not transact more than 20% of his contract volume electronically in an appointed Hybrid class during any calendar quarter is not obligated to quote electronically in any designated series within that option class.

In establishing the rules relating to CQLs, the CBOE did not intend, and there would be no purpose, for a Market-Maker, who holds an appointment in a Hybrid class but elects to trade only in open outcry, to count towards the CQL in that option class. Accordingly, the CBOE believes that this interpretation is consistent with the purpose of CBOE Rule 8.3A, which, as noted above, is to limit the number of members that may quote electronically in a particular product to ensure that the Exchange has the ability to effectively handle all quotes generated by members. Although the CBOE anticipates that this situation may arise in only a handful of option classes, absent this interpretation, the CQL in these option classes could be reached even though a certain number of appointed Market-Makers do not submit electronic quotations. As a consequence, other members who might be willing to provide competitive quotations would be prevented from doing so unless the CBOE determines to increase the CQL in accordance with CBOE Rule 8.3A.

In proposed CBOE Rule 8.3A.03, the CBOE notes that in the event the Market-Maker later determines to quote electronically in that option class in which he holds an appointment, the Market-Maker may do so and would count towards the CQL for that option class, which is consistent with the provisions of CBOE Rule 8.3A. If the total number of members quoting electronically exceeds the CQL for that option class, the option class would have an "increased CQL" as described in CBOE Rule 8.3A.01(a). Reduction in any "increased CQL" will be in accordance with the procedures described in CBOE Rule 8.3A.01(a).

2. Statutory Basis

The CBOE believes that the proposed rule change is consistent with the Act and the rules and regulations under the Act applicable to a national securities exchange and, in particular, the requirements of Section 6(b) of the Act.⁷

Specifically, the Exchange believes that the proposed rule change is consistent with the provisions of Section 6(b)(5),⁸ which require the rules of an exchange to be designed to promote just and equitable principles of trade, serve to remove impediments to and perfect the mechanism of a free and open market and a national market system, and protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change will take effect upon filing with the Commission pursuant to Section 19(b)(3)(A)(i) of the Act⁹ and Rule 19b-4(f)(1) thereunder,¹⁰ because it constitutes a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹¹
