**AUTHORITY FOR MAINTENANCE OF THE SYSTEM:**

The system is established and maintained in accordance with 31

U.S.C. 5318(g); 31 CFR Part 103; 31 U.S.C. 321; and 31 U.S.C. 310.

**PURPOSE(S):**

The requirements of FinCEN and the Federal Supervisory Agencies create an integrated process for reporting suspicious activity and known or suspected crimes by, at, or through depository institutions and certain of their affiliates. The process is based on a single uniform SAR filed with FinCEN.

The SAR System has been created, as a key part of this integrated reporting process, to permit coordinated and enhanced analysis and tracking of such information, and rapid dissemination of SAR information to appropriate law enforcement and supervisory agencies. The provisions of 31 U.S.C. 5318(g)(4)(B) specifically require that the agency designated as repository for SARs refer those reports to any appropriate law enforcement or supervisory agency.

Data from the SAR System will be exchanged, retrieved, and disseminated, both manually and electronically among FinCEN, the Federal Supervisory Agencies, appropriate Federal, State, and local law enforcement agencies, and State banking supervisory agencies. Agencies to which information will be referred electronically, which in certain cases may involve electronic transfers of batch information, include the Federal Supervisory Agencies, the Federal Bureau of Investigation (FBI), the Criminal Investigation Division of the Internal Revenue Service, the United States Secret Service, the United States Customs and Border Protection, the Executive Office of the United States Attorneys and the Offices of the 93 United States Attorneys, and State bank supervisory agencies and certain State law enforcement agencies, which have entered into appropriate agreements with FinCEN. (The FBI and Secret Service may receive electronic transfers of batch information as forms are filed to permit those agencies more efficiently to carry out their investigative responsibilities.) Organizations to which information is regularly disseminated are referred to as SAR System Users. It is anticipated that information from the SAR System will also be disseminated to other appropriate Federal, State, or local law enforcement organizations and regulatory agencies that enter into appropriate agreements with FinCEN. In addition, information may be disseminated to non-United States financial regulatory and law enforcement agencies.

**ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:**

These records may be used to:

- (1) Provide information or records, electronically or manually, to SAR System Users relevant to the enforcement and supervisory programs and operations of those Users;
- (2) Provide SAR System Users and their Executive Departments with reports that indicate the number, amount, individual identity, and other details concerning potential violations of the law that have been the subject of Suspicious Activity Reports;
- (3) Provide information or records to any appropriate domestic or non-United States governmental agency or self-regulatory organization charged with the responsibility of administering law or investigating or prosecuting violations of law, or charged with the responsibility of enforcing or implementing a statute, rule, regulation, order, or policy, or charged with the responsibility of issuing a license, security clearance, contract, grant, or benefit, when relevant to the responsibilities of these agencies or organizations;
- (4) Provide information or records, when appropriate, to international and foreign governmental authorities in accordance with law and formal or informal international agreement;
- (5) Disclose on behalf of a SAR System User, the existence, but not necessarily the content, of information or records to a third party, in cases where a SAR System User is a party or has a direct interest and where the SAR System User has concluded that such disclosure is necessary;

compatible with the purpose for which the records were collected;

(7) Disclose information or records to individuals or entities to the extent necessary to elicit information pertinent to the investigation, prosecution, or enforcement of civil or criminal statutes, rules, regulations, or orders;

(8) In accordance with Executive Order 12968 (August 2, 1995), provide information or records to any appropriate government authority in connection with investigations and reinvestigations to determine eligibility for access to classified information to the extent relevant for matters that are by statute permissible subjects of inquiry;

government officials) or by the use of search and selection criteria.

**SAFEGUARDS:**

The system is located in a guarded building that has restricted access. Access to the computer facilities and any paper records is subject to additional physical safeguards that restrict access. Access to any electronic records in the system is restricted by means of passwords and non-transferable identifiers issued to authorized SAR System Users. The system complies with all applicable security requirements of the Department of the Treasury.
