

Exchange provided the Commission with written notice of its intent to file this proposed rule change at least five business days prior to the date of filing the proposed rule change. In addition, the Exchange has requested that the Commission waive the 30-day pre-operative delay. The Commission believes that waiving the 30-day pre-operative delay is consistent with the protection of investors and the public interest because it would allow the Exchange to remain competitive with other exchanges that currently have similar rules in effect. For the reasons stated above, the Commission designates the proposal to become operative immediately.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in the furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
