

product.³⁸ Accordingly, with respect to indexes not previously approved by the Commission, the Commission finds that PCX's commitment to implement comprehensive surveillance sharing agreements,³⁹ as necessary, and the definitive requirements that (i) each component security shall be a registered reporting company under the Act and (ii) no more than 20 percent of the weight of the Underlying Index or Underlying Indexes may be comprised of foreign country securities or ADRs not subject to a comprehensive surveillance sharing agreement,⁴⁰ will make possible adequate surveillance of trading of Index Securities listed pursuant to the proposed generic listing standards.

With regard to actual oversight, PCX represents that its surveillance procedures are sufficient to detect fraudulent trading among members in the trading of Index Securities pursuant to proposed PCXE Rule 5.2(j)(6).

C. Acceleration

The Commission finds good cause for approving proposed rule change, as amended, prior to the 30th day after the date of publication of notice of filing thereof in the **Federal Register**. The proposal implements generic listing standards substantially identical to those already approved for the Amex. The Commission does not believe that the Exchange's proposal raises any novel regulatory issues. The proposed generic listing criteria should enable more expeditious review and listing of Index Securities by PCX, thereby reducing administrative burdens and benefiting the investing public. Thus, the Commission finds good cause to accelerate approval of the proposed rule change, as amended.

V. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,⁴¹ that the proposed rule change (SR-PCX-2005-63), as amended, is hereby approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁴²

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-52201; File No. SR-SCCP-2004-03]

Self-Regulatory Organizations; Stock Clearing Corporation of Philadelphia; Notice of Filing of Proposed Rule Change by Relating Anonymous Features on Trading Systems

August 3, 2005.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder² notice is hereby given that on September 7, 2004, Stock Clearing Corporation of Philadelphia ("SCCP") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in items I, II, and III, below, which items have been prepared by SSCP. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change would allow SSCP to process trades executed on a trading system that provides for anonymous trading.³

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, SSCP included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. SSCP has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Currently, SSCP receives and processes its participants' trades. In the future, SSCP may receive locked-in trade data from a trading system that

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ The proposed rule change is similar to a rule change approved by the Commission in 2003 that allowed the National Securities Clearing Corporation ("NSCC") to accommodate the reporting of trades executed on a system that provides trading anonymity. Securities Exchange Act Release No. 48526 (September 23, 2003), 68 FR 56367 (September 30, 2003) [File No. SR-NSCC-2003-14].

provides anonymity. In such a situation, SSCP would report such trades to its participants using an anonymous acronym instead of naming or identifying the actual contra side account number.

In the event that SSCP ceases to act for a participant in an anonymous trade, the operator of the trading system shall have the responsibility to identify to its users the trades, which are generally included in reports produced by SSCP, involving the affected participant. SSCP would forward to the operator of the trading system the appropriate information to facilitate its notification of its users. In addition, should SSCP receive information from NSCC that NSCC had ceased to act for an NSCC member that is an unidentified contra side of any such trade, SSCP would also forward this information to the operator of the trading system.⁴

SCCP believes that its proposed rule change is consistent with the requirements of section 17A(b)(3)(F) of the Act because it is designed to promote the prompt and accurate clearance and settlement of securities transactions and to remove impediments to and perfect the mechanism of a national system for the prompt and accurate clearance and settlement of securities transactions in that the proposed rule change should allow SSCP to accommodate trades executed on an anonymous trading system and should provide for the prompt and accurate clearance of those trades.

B. Self-Regulatory Organization's Statement on Burden on Competition

SCCP does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Solicitation of Comments
