5. *Type of Information Collection Request*: Extension of a currently approved collection; *Title of Information Collection*: Physician Group Practice (PGP) Standardized Ambulatory Care Quality Measure Collection Initiative; *Use*: The Benefits Improvement & Protection Act of 2000 mandated the Physician Group Practice (PGP) Demonstration and gave the Secretary discretion to use quality measures to assess physician performance in order to reward them for improvements in the quality and efficiency of health care. This demonstration is intended to strengthen the Medicare program by offering innovative models to beneficiaries that improve quality and access and lower costs. As a result, Medicare beneficiaries will directly benefit from these innovative models. The demonstration represents the first pay for performance project for physician group practices and will enable comparisons across groups and geography; *Form Number*: CMS-10134 (OMB #0938-0942); *Frequency*: Annually; *Affected Public*: Business or other for-profit and Not-for-profit institutions; *Number of Respondents*: 10; *Total Annual Responses*: 10; *Total Annual Hours*: 790.

It gives CMS the opportunity to pursue collection of identified mistaken payments (within legal constraints) and to update incorrect status indicators to prevent further incorrect suspensions or mistaken payment or denial. Employers identified through a match of IRS, SSA, and Medicare records will be contacted concerning group health plan coverage of identified individuals to ensure compliance with Medicare Secondary Payer provisions found at 42 U.S.C. 1395y(b); *Frequency*: Reporting—Annually; *Affected Public*: Business or

other for-profit, Not-for-profit institutions, Farms, Federal, State, Local or Tribal Government; *Number of Respondents*: 341,065; *Total Annual Responses*: 341,065; *Total Annual Hours*: 1,986,810.

[Docket No. 2000D-0835]

Draft Guidance for Industry on Conjugated Estrogens, USP-LC-MS Method for Both Qualitative Chemical Characterization and Documentation of Qualitative Pharmaceutical Equivalence; Withdrawal of Guidance

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice; withdrawal.

SUMMARY: The Food and Drug Administration (FDA) is announcing the withdrawal of a draft guidance for industry entitled "Conjugated Estrogens, USP-LC-MS Method for Both Qualitative Chemical Characterization and Documentation of Qualitative Pharmaceutical Equivalence." FDA is withdrawing the draft guidance because the published methodology limits the submission of scientifically valid information to the agency that may be based on different methodologies. FDA does not want to dictate the scientific approach for developing adequate methods.

FOR FURTHER INFORMATION CONTACT: David J. Cummings, Center for Drug Evaluation and Research (HFD-357), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-443-5187.

SUPPLEMENTARY INFORMATION: FDA is announcing the withdrawal of a draft guidance for industry entitled "Conjugated Estrogens, USP-LC-MS Method for Both Qualitative Chemical Characterization and Documentation of Qualitative Pharmaceutical Equivalence." The agency announced the availability of the guidance in the **Federal Register** of March 9, 2000 (65 FR 12556). The draft guidance was originally intended to provide recommendations to applicants on how to use the liquid chromatography mass spectrometry (LC-MS) method to address both qualitative chemical characterization and qualitative pharmaceutical equivalence for natural source conjugated estrogens. FDA is withdrawing the guidance because advances in technology allow for the possibility of using different methodologies. FDA does not want to inhibit companies from using a methodology that might provide additional scientific data to support characterization and pharmaceutical equivalence for conjugated estrogens in the future. If submitted, these data would be evaluated to determine applicability of the method before an application could be approved.

Dated: August 5, 2005.

Jeffrey Shuren,

Assistant Commissioner for Policy.
