Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard has already published the 60-day notice (70 FR 30764, May 27, 2005) required by 44 U.S.C. 3506(c)(2). That notice elicited one comment. The commenter states that the Coast Guard should "make every merchant vessel carry a logbook and suggest that no

merchant vessel should be exempt." The Coast Guard is tasked with the commercial vessel safety program. As part of this tasking, Title 46 United States Code (U.S.C.) 11301—11303 and supporting regulations require most merchant vessels to maintain an Official Logbook. The Official Logbook provides the vehicle through which any statutory and regulatory record keeping requirements are maintained.

For vessels not required to maintain and Official Logbook, it is accepted industry practice for shipping companies to require their vessels to maintain log books. Entries in these logs usually document chronological records of the operation of the vessels and events that occur in the ordinary course of business.

Information Collection Request

Title: Official Logbook.

OMB Control Number: 1625-0018.

Type of Request: Extension of a currently approved collection.

Affected Public: Shipping Companies.

Forms: CG-706.

Abstract: The Official Logbook contains information about the voyage, the vessel's crew, drills, and operations conducted during the voyage. Official Logbook entries identify all particulars of the voyage, including the name of the ship, official number, port of registry, tonnage, names and merchant mariner document numbers of the master and crew, the nature of the voyage, and class of ship. In addition, it also contains entries for the vessel's drafts, maintenance of watertight integrity of the ship, drills and inspections, crew list and report of character, a summary of laws applicable to Logbooks, and miscellaneous entries.

Burden Estimates: The estimated burden remains the same, 1,750 hours a year.

Dated: August 5, 2005.
