FOR FURTHER INFORMATION CONTACT:

Caratina L. Alston, United States Secretary, NAFTA Secretariat, Suite 2061, 14th and Constitution Avenue, Washington, DC 20230, (202) 482-5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established Rules of Procedure for Article 1904 *Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686).

A first Request for Panel Review was filed with the United States Section of the NAFTA Secretariat, pursuant to Article 1904 of the Agreement, on August 5, 2005, requesting panel review of the determination and order described above.

The Rules provide that:

(a) A Party or interested person may challenge the final determination in whole or in part by filing a Complaint in accordance with Rule 39 within 30 days after the filing of the first Request for Panel Review (the deadline for filing a Complaint is September 6, 2005);

(b) a Party, investigating authority or interested person that does not file a Complaint but that intends to appear in support of any reviewable portion of the final determination may participate in the panel review by filing a Notice of Appearance in accordance with Rule 40 within 45 days after the filing of the first Request for Panel Review (the deadline for filing a Notice of Appearance is September 19, 2005); and

(c) the panel review shall be limited to the allegations of error of fact or law, including the jurisdiction of the investigating authority, that are set out in the Complaints filed in the panel review and the procedural and substantive defenses raised in the panel review.

Dated: August 8, 2005.

United States Secretary, NAFTA Secretariat.

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Denial of Commercial Availability Request under United States-Caribbean Basin Trade Partnership Act (CBTPA)

August 9, 2005.

AGENCY: Committee for the Implementation of Textile Agreements (CITA)

ACTION: Denial of the request alleging that certain 100 percent cotton, yarn dyed in the warp direction, seersucker fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA.

SUMMARY: On June 7, 2005, the Chairman of CITA received a petition from Sandler, Travis & Rosenberg, P.A., on behalf of their client B*W*A of New York City, alleging that certain 100 percent cotton, yarn dyed in the warp direction, plain weave double warp beam seersucker fabrics, of detailed specifications, classified in subheadings 5208.42.30, 5208.42.40, 5208.42.50, and 5209.41.60 of the Harmonized Tariff Schedule of the United States (HTSUS), cannot be supplied by the domestic industry in commercial quantities in a timely manner. The petition requests that woven shirts, blouses, and sleepwear of such fabrics be eligible for preferential treatment under the CBTPA. CITA has determined that the subject fabrics can be supplied by the domestic industry in commercial quantities and in a timely manner and, therefore, denies the request.

FOR FURTHER INFORMATION CONTACT: Richard Stetson, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

SUPPLEMENTARY INFORMATION:

Authority: Section 211(a) of the CBTPA amending Section 213(b)(2)(A)(v)(II) of the Caribbean Basin Economic Recovery Act (CBERA); Section 6 of Executive Order No. 13191 of January 17, 2001; Presidential Proclamation 7351 of October 2, 2000.

Background:

The CBTPA provides for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products

manufactured from yarns and fabrics formed in the United States or a beneficiary country. The CBTPA also provides for quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more beneficiary countries from fabric or yarn that is not formed in the United States, if it has been determined that such fabric or yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. In Executive Order No. 13191 (66 FR 7271), CITA has been delegated the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA. On March 6, 2001, CITA published procedures that it will follow in considering requests (66 FR 13502).

On June 7, 2005, the Chairman of CITA received a petition from Sandler, Travis & Rosenberg, P.A., on behalf of their client B*W*A of New York City, alleging that certain 100 percent cotton, yarn dyed in the warp direction, plain weave double warp beam seersucker fabrics, of detailed specifications, classified in HTSUS subheadings 5208.42.30, 5208.42.40, 5208.42.50, and 5209.41.60, cannot be supplied by the domestic industry in commercial quantities in a timely manner. The petition requests that woven shirts, blouses, and sleepwear of such fabrics be eligible for preferential treatment under the CBTPA.

On June 13, 2005, CITA published a notice in the Federal Register requesting public comments on the petition particularly with respect to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. See **Request for Public Comments on Commercial Availability Petition under the United States - Caribbean Basin Trade Partnership Act (CBTPA)**, 70 FR 34091 (June 13, 2005). On June 29, 2005, CITA and USTR offered to hold consultations with the House Ways and Means Committee and the Senate Finance Committee, but no consultations were requested. We also requested advice from the U.S. International Trade Commission and the relevant Industry Trade Advisory Committees.

Based on the information and advice received by CITA, public comments, and the report from the International Trade Commission, CITA found that there is domestic production, capacity, and ability to supply the subject fabrics in commercial quantities in a timely manner.

On the basis of currently available information and our review of this request, CITA has determined that the domestic industry can supply the subject fabrics in commercial quantities in a timely manner. The request from B*W*A is denied.

James C. Leonard III,

Chairman, Committee for the Implementation of Textile Agreements.
