OMB Number: OMB 0412-0012.

Form Number: 282.

Title: Supplier's Certificate Agreement with the U.S. Agency for International Development Invoice-and-Contract Abstract.

Type of Submission: Renewal of Information Collection.

Purpose: The U.S. Agency for International Development (USAID) finances goods and related services under its Commodity Import Program which are contracted for by public and private entities in the countries receiving the USAID Assistance. Since USAID is not a party to these contracts, USAID needs some means to collect information directly from the suppliers of the goods and related services and to enable USAID to take an appropriate action against them in the event they do not comply with the applicable regulations. USAID does this by securing from the suppliers, as a condition for the disbursement of funds a certificate and agreement with USAID which contains appropriate representations by the suppliers.

Annual Reporting Burden:

Respondents: 800.
Total annual responses: 2,400.
Total annual hours requested: 1,200 hours (½hour per response).

Dated: August 10, 2005.

Title: Advance of Loan Funds and Budgetary Control and Other Related Burdens.

OMB Control Number: 0572-0015.

Type of Request: Extension of a currently approved collection.

Abstract: This collection is necessary to comply with the applicable provisions of the RUS loan contract. Borrowers submit requisitions to RUS for funds for project costs incurred. Insured loan funds will be advanced only for projects which are included in the RUS approved borrower's construction workplan or approved amendment and in an approved loan, as amended. The process of loan advances establishes the beginning of the audit trail of the use of loan funds which is required for subsequent RUS compliance audits.

The RUS Form 595 is used as a requisition for advances of funds. The form helps to assure that loan funds are advanced only for the budget purposes and amount approved by RUS. According to the applicable provisions of the RUS loan contract, borrowers must certify with each request for funds to be approved for advance, which such funds are for projects previously approved.

When a prospective borrower requests and is granted an RUS loan, a loan contract is established between the Federal Government, acting through the

RUS Administrator, and the borrower. At the time this contract is entered into, the borrower must provide RUS with a list of projects for which loan funds will be spent, along with an itemized list of the estimated costs of these projects. Thus, the borrower receives a loan based upon estimated cost figures.

RUS Form 219, Inventory of Work Orders, is one of the documents the borrower submits to RUS to support actual expenditures and an advance of loan funds. The form also serves as a connecting link and provides an audit trail that originates with the advance of funds and terminates with evidence supporting the propriety of expenditures for construction or retirement projects.

Estimate of Burden: The Public reporting burden for this collection of information is estimated to average 1.48 hours per response.

Respondents: Not-for-profit institutions; Business or other for profit.

Estimated Number of Respondents: 700.

Estimated Number of Responses per Respondent: 14.31.

Estimated Total Annual Burden on Respondents: 14,820.

Copies of this information collection can be obtained from MaryPat Daskal, Program Development and Regulatory Analysis, at (202) 720-7853. Fax: (202) 720-4120.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: August 5, 2005.

Acting Administrator, Rural Utilities Service.
