AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, EPA is issuing a notice of receipt of requests by registrants to amend their registrations to terminate certain uses of end-use products containing the pesticide azinphos-methyl. The requests would terminate azinphos-methyl use in or on caneberries, cotton, cranberries, peaches/nectarines, potatoes, and Southern pine seed orchards. EPA intends to grant these requests at the close of the comment period for this notice unless, based on substantive comments received during the comment period or other relevant information, the Agency determines that the requests merit further review. Upon granting these requests, any sale, distribution, or use of products listed in this notice will be permitted only if such sale, distribution, or use is consistent with the terms as described in the final order. A companion notice, announcing the order to amend registrations of azinphos-methyl manufacturing-use products to terminate these same uses, is published elsewhere in this **Federal Register**. The existing stocks provision proposed in this notice for end-use products reflects and is compatible with the modified schedule for terminating uses on the manufacturing-use products. **DATES:** Comments must be received on or before September 16, 2005.

ADDRESSES: Comments, identified by docket identification (ID) number OPP-2005-0061, may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit I. of the **SUPPLEMENTARY INFORMATION**.
