

in the World Trade Organization's environmental goods and services trade liberalization, and the Export-Import Bank's environmental exports program. The afternoon session will include a discussion of the U.S. EPA's Resource Conservation Challenge, the Environmental Technologies Verification (ETV) Program and an overview of the U.S. International Trade Commission's environmental services sector market analysis. The meeting is open to the public and time will be permitted for public comment.

Written comments concerning ETTAC affairs are welcome anytime before or after the meeting. Minutes will be available within 30 days of this meeting.

The ETTAC is mandated by Public Law 103-392. It was created to advise the U.S. government on environmental trade policies and programs, and to help it to focus its resources on increasing the exports of the U.S. environmental industry. ETTAC operates as an advisory committee to the Secretary of Commerce and the Trade Promotion Coordinating Committee (TPCC). ETTAC was originally chartered in May of 1994. It was most recently rechartered until May 30, 2006.

For further information phone Joseph Ayoub, Office of Energy and Environmental Technologies Industries (OEEI), International Trade Administration, U.S. Department of Commerce at (202) 482-5225. This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to OEEI at (202) 482-5225.

Dated: August 10, 2005.

Carlos F. Montouliou,

Director, Office of Energy and Environmental Industries.

National Oceanic and Atmospheric Administration

[I.D. 081105B]

New England Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; committee meetings.

SUMMARY: The New England Fishery Management Council's (Council) Groundfish Advisory Panel and Oversight Committee will hold meetings to consider actions affecting New England fisheries in the exclusive economic zone (EEZ).

DATES: The meetings will be held in August 2005. For specific dates and times, see **SUPPLEMENTARY INFORMATION.**

ADDRESSES: The meetings will be held in Peabody MA. For specific locations, see **SUPPLEMENTARY INFORMATION.**

Council address: New England Fishery Management Council, 50 Water Street, Mill #2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Paul J. Howard, Director, New England Fishery Management Council; telephone: (978)465-0492.

SUPPLEMENTARY INFORMATION: The committee's schedule and agenda for the Council meetings are as follows:

Locations, Schedules, and Agendas

1. *Monday, August 29, 2005 beginning at 9:30 a.m.; Holiday Inn, One Newbury Street, Peabody, MA 01960*

The Groundfish Advisory Panel will meet to continue develop recommendations for Framework Adjustment 42 (FW 42) to the Northeast Multispecies Fishery Management Plan (FMP). The Panel will receive a preliminary report on groundfish assessments and will discuss what changes to management measures may be necessary as a result of that report. These changes could include modifications to the Amendment 13 default measures, Special Access Programs (SAPs), incidental catch Total Allowable Catch (TACs) that apply to the use of Category B days-at-sea (DAS), or other measures. Draft measures text for the framework will be reviewed and recommendations developed for adjustments as necessary. The Panel may also discuss options for a formal rebuilding plan for Georges Bank yellowtail flounder and may recommend measures necessary to rebuild that stock. The Panel will discuss extending and/or modifying, as necessary, the Category B (regular) DAS Pilot Program. The Advisory Panel report will be provided to the Groundfish Committee to assist its deliberations. Other business may also be discussed.

2. *Tuesday, August 30, 2005 beginning at 9:30 a.m.; Holiday Inn, One Newbury Street, Peabody, MA 01960*

The Groundfish Oversight Committee will meet to continue development of FW 42 to the Northeast Multispecies FMP. They will receive a preliminary report on groundfish assessments and will discuss what changes to management measures may be necessary as a result of that report. These changes could include modifications to the Amendment 13 default measures, SAPs, incidental catch TACs that apply to the use of Category B DAS, or other measures. The Committee will also develop options for a formal rebuilding plan for Georges Bank yellowtail flounder and will identify measures necessary to rebuild that stock. They will consider extending and/or modifying, as necessary, the Category B (regular) DAS Pilot Program. Draft measures text for the framework will be reviewed and adjusted as necessary. The Committee may also discuss a standardized bycatch reporting methodology. An Advisory Panel report will be provided to assist the
