RIN 2120-AA66

Establishment of Area Navigation Instrument Flight Rules Terminal Transition Routes (RITTR); Charlotte, NC

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; correction.

SUMMARY: This action corrects errors in the legal descriptions of Area Navigation Instrument Flight Rules Terminal Transition Routes (RITTR) listed in a final rule published in the **Federal Register** on June 15, 2005 (70 FR 34649), Airspace Docket No. 04-ASO-15.

EFFECTIVE DATE: 0901 UTC, September 1, 2005.

FOR FURTHER INFORMATION CONTACT: Paul Gallant, Airspace and Rules, Office of System Operations Airspace and AIM, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

History

On June 15, 2005, a final rule for Airspace Docket No. 04-ASO-15 was published in the **Federal Register** (70 FR 34649). This rule established four RITTR routes (T-200, T-201, T-202, and T-203) in the Charlotte, NC, terminal area. In all four routes, points that were listed in the route descriptions as "waypoint" (WP) are actually existing published navigation "fixes." Therefore, the descriptions are corrected by removing "WP" and substituting "Fix." In addition, the descriptions for two of the routes contained an error in the geographic coordinates listed for one fix in each route. In route T-202, the latitude coordinate for the GANTS fix was published as 35°27'12" N., while the correct point is 35°27'11" N. In route T-203, the longitude coordinate for the LOCKS fix was published as 81°17'37" W. The correct point is 81°17'33" W. This action corrects those errors.

Correction to Final Rule

■ Accordingly, pursuant to the authority delegated to me, the legal descriptions for T-200, T-201, T-202 and T-203 as published in the **Federal Register** on June 15, 2005 (70 FR 34649), and incorporated by reference in 14 CFR 71.1, are corrected as follows:

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2005-22069; Airspace Docket No. 05-AEA-15]

Amendment of Class D Airspace; Worcester, MA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This amendment realigns the boundary of the Class D airspace area at Worcester Regional Airport, MA. This action will incorporate a shelf and cutout of the Worcester Class D airspace area to accommodate the airport traffic pattern for Spencer Airport (60M).

DATES: Effective 0901 UTC, October 27, 2005.

Comments for inclusion in the Rules Docket must be received on or before September 22, 2005.

ADDRESSES: Send comments on the rule to the Docket Management System, U.S. Department of Transportation, Room

Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number, FAA-2005-22069/Airspace Docket No. 05-AEA-15, at the beginning of your comments. You may also submit comments on the internet at <http://dms.dot.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person at the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527) is located on the plaza level of the Department of Transportation NASSIF Building at the street address stated above.

An informal docket may also be examined during normal business hours at the office of the Area Director, Eastern Terminal Operations, Federal Aviation Administration, 1 Aviation Plaza, Jamaica, NY 11434-4809; telephone (718) 553-4501; fax (718) 995-5691.

FOR FURTHER INFORMATION CONTACT: Mr. Francis T. Jordan, Airspace Specialist, Airspace and Operations, ETSU, 1 Aviation Plaza, Jamaica, NY 11434-4809; telephone (718) 553-4521; fax (718) 995-5693.

SUPPLEMENTARY INFORMATION: This amendment to 14 CFR 71 modifies the legal description for Class D airspace at Worcester Regional Airport, MA to exclude the airspace in the vicinity of Spencer Airport (60M), a satellite airport, from the Worcester Class D airspace area. The remaining Class D area is adequate to provide controlled airspace for terminal VFR and IFR operations at Worcester Regional Airport. The cutout area will be depicted on the appropriate VFR aeronautical charts.

Class D airspace areas are published in paragraph 5000 of FAA Order 7400.9M, dated August 30, 2004, and effective September 16, 2004, which is incorporated by reference in 14 CFR 71.1. The Class D airspace designation listed in this document will be published subsequently in the Order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment, and, therefore, issues it as a direct final rule. The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Unless a written adverse or negative comment or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on

the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Although this action is in the form of a direct final rule, and was not preceded by a notice of proposed rulemaking, interested persons are invited to comment on this rule by submitting such written data, views, or arguments as they may desire. Communications must identify both docket numbers. All communications received on or before the closing date for comments will be considered, and this rule may be amended or withdrawn in light of the comments received. Factual information that supports the commenter's ideas and suggestions is extremely helpful in evaluating the effectiveness of this action and determining whether additional rulemaking action would be needed.

Comments are specifically invited on the overall regulatory, economic, environmental, and energy aspects of the rule that might suggest a need to modify the rule. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. A report that summarizes each FAA-public contact concerned with the substance of this action will be filed in the Rules Docket.

Agency Findings

This rule does not have federalism implications, as defined in Executive Order No. 13132, because it does not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Accordingly, the FAA has not consulted with state authorities prior to publication of this rule.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive

Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as these routine matters will only affect air traffic procedures and air navigation. It is certified that these proposed rules will not have significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103, Sovereignty and use of airspace. Under that section, the FAA is charged with issuing regulations to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority since it defines controlled airspace in the vicinity of the Palmer Metropolitan Airport to ensure the safety of aircraft operating near that airport and the efficient use of that airspace.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

■ Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration amends part 71 of the Federal Aviation Regulations (14 CFR part 71) as follows:

PART 71—[AMENDED]

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9M, Airspace Designations and Reporting Points, dated August 30, 2004, and effective September 16, 2004, is amended as follows:

§ 71.1 [Amended]

Paragraph 5000 Class D airspace.

* * * * *

ANE MA D Worcester, MA [Revised]

Worcester Regional Airport, MA
(Lat. 42°16'02" N, long. 71°52'32" W)
Spencer Airport, MA
(Lat. 42°17'26" N, long. 71°57'53" W)

That airspace extending upward from the surface to and including 3,500 feet MSL within a 4.2-mile radius of Worcester Regional Airport, excluding that airspace from the surface up to but not including 1,900 feet MSL within a 1-mile radius of the Spencer Airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA-2005-21226; Airspace
Docket No. 05-ASO-8]

**Establishment of Class E Airspace;
Marion, KY**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes Class E airspace at Marion, KY. Area Navigation (RNAV) Global Positioning System (GPS) Standard Instrument Approach Procedures (SIAP) Runway (RWY) 7 and RWY 25 have been developed for Marion-Crittenden County Airport. As a result, controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to contain the SIAPs and for Instrument Flight Rules (IFR) operations at Marion-Crittenden County Airport. The operating status of the airport will change from Visual Flight Rules (VFR) to include IFR operations concurrent with the publication of the SIAP.

EFFECTIVE DATE: 0901 UTC, October 27, 2005.

FOR FURTHER INFORMATION CONTACT: Mark D. Ward, Manager, Airspace and Operations Branch, Eastern En Route and Oceanic Service Area, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-5586.

SUPPLEMENTARY INFORMATION:

History

On June 8, 2005, the FAA proposed to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) by establishing Class E airspace at Marion, KY, (70 FR 33403). This action provides adequate Class E airspace for IFR operations at Marion-Crittenden County Airport. Designations for Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in FAA Order 7400.9M, dated August 30, 2004, and effective September 16, 2004, which is incorporated by reference in 14 CFR part 71.1. The Class E designations listed in this document will be published subsequently in this Order.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received.

The Rule

This amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) establishes Class E airspace at Marion, KY.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

■ 1. The authority citation for Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9L, Airspace Designations and Reporting Points, dated September 2, 2003, and effective September 16, 2003, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

* * * * *

ASO KY E5 Marion, KY [NEW]

Marion-Crittenden County Airport, KY
(Lat. 37°20'04" N, long. 88°06'54" W)

That airspace extending upward from 700 feet above the surface within a 6.7—radius of Marion-Crittenden County Airport; excluding that airspace within the Sturgis, KY, Class E airspace area.

Acting Area Director, Air Traffic Division, Southern Region.

[FR Doc. 05-16746 Filed 8-22-05; 8:45 am]

BILLING CODE 4910-13-M

**ENVIRONMENTAL PROTECTION
AGENCY****40 CFR Part 261**

[SW-FRL-7957-6]

**Hazardous Waste Management
System; Identification and Listing of
Hazardous Waste; Final Exclusion**

AGENCY: Environmental Protection
Agency.

ACTION: Final rule.

SUMMARY: Environmental Protection Agency (EPA) is granting petitions submitted by Shell Oil Company (Shell Oil Company) to exclude (or delist) certain wastes generated by its Houston, TX Deer Park facility from the lists of hazardous wastes. This final rule responds to petitions submitted by Shell Oil Company to delist F039 and F037 wastes. The F039 waste is generated from the refinery wastewater treatment plant, North Effluent Treater (NET) and
