Standard Paragraph

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant and all the parties in this proceeding.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible online at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public

Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2090-003]

Green Mountain Power Corporation; Notice of Availability of Final Environmental Assessment

August 15, 2005.

In accordance with the National Environmental Policy Act of 1969 and Part 380 of the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380; FERC Order No. 486 and 52 FR 47,897, the Office of Energy Projects Staff (staff) reviewed the application for a new license for the Waterbury Hydroelectric Project, located on the Little River in the town of Waterbury in Washington County, Vermont, and prepared a final environmental assessment (FEA) for the project. The project does not use or occupy any federal facilities or lands.

In this FEA, the staff analyzes the potential environmental effects of the existing project and concludes that licensing the project, with staff's recommended measures, would not constitute a major federal action significantly affecting the quality of the human environment.

A copy of the FEA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. [Project Nos. 4204-038, 4660-043 and 4659-042]

City of Batesville and Independence County Arkansas; Notice of Availability of Environmental Assessment

August 15, 2005.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for license amendments for the White River Lock and Dam No. 1 Project (P-4204), White River Lock and Dam No. 2 Project (P-4660) and the White River Lock and Dam No. 3 Project (P-4659), and has prepared an Environmental Assessment (EA) for the projects. On August 12, 2005, the Order Approving Revised Transmission Line Routes was issued and the EA was attached. The projects are located on the White River in Independence County, Arkansas.

The EA contains the staff's analysis of the potential environmental impacts of the projects and concludes that issuing the amendments, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

The EA is on file with the Commission and is available for public inspection. Copies of the EA are available for review in Public Reference Room 2-A at the Commission's offices at 888 First Street, NE., Washington, DC. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. For assistance, contact FERC On Line Support at *FERCOnlineSupport@ferc.gov* or call
