Comments: A 60-day comment Notice was published in the **Federal Register** on March 3, 2005. This comment period ended May 2, 2005 and resulted in no comments being received.

Description: The Corporation requests reinstatement, with changes, of its AmeriCorps*VISTA Project Progress Report which reflects the Corporation's intention to modify selected sections of the collection instrument to reflect changes in data considered "core reporting" information to meet a variety of needs, including modification of data elements, including adding new data elements as needed to ensure information collection captures appropriate data for the Corporation's required performance measurement and other reporting.

The Project Progress Report (PPR) was designed to assure that AmeriCorps*VISTA sponsors address and fulfill legislated program purposes, meet agency program management and grant requirements, and assess progress toward work plan objectives agreed upon in the granting of the memorandum of agreement.

Further, the reinstatement of the previously used PPR will: (a) Enhance data elements collected via this information collection tool; (b) migrate the paper version of the form to the

Corporation's electronic grants management system, eGrants; and (c) establish reporting periods consistent with the Corporation's integrated grants management and reporting policies.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Proposed Information Collection; Comment Request

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (hereinafter the "Corporation"), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. Sec. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, the Corporation is soliciting comments concerning its Application Instructions for State Commissions. These applications are

Background: Since the President's Call to Service, many Americans have expressed a renewed desire to serve their country by volunteering in their

community. Now, we have an obligation to ensure that Americans have quality opportunities to serve. The Corporation has amended several provisions relating to the AmeriCorps national service program, and has added a rule to clarify the Corporation's requirements for program sustainability, performance measures and evaluation, capacity-building activities by AmeriCorps members, qualifications for tutors, and other requirements. The implementation of these changes through the rulemaking process includes ensuring the Corporation's information collection instruments accurately reflect these issues.

In an effort to be compliant while maintaining functions essential to the operations of each State Commission and AmeriCorps program, we are submitting the enclosed request to OMB for approval of information collection activities. This submission includes application instructions which are used by state commissions to apply for AmeriCorps States and Territories Competitive, Education Award Program, and Formula Grants. The application is completed electronically using eGrants, the Corporation's web-based grants management system.

Current Action: The Corporation seeks to renew and revise the current Application Instructions for State Commissions due to Rulemaking. When revised, the Application Instructions will revise/clarify the Application Instructions especially as they are affected by new regulations. In addition, these Application Instructions which previously were included in a larger collection, will now be separated into a new collection.

The application will otherwise be used in the same manner as the existing application for State Primes which was included in the AmeriCorps National, State, and Indian Tribes and U.S. Territories 2005 Application Instructions, and which it replaces. The Corporation also seeks to continue using the current application until the revised application is approved by OMB. The current application is due to expire on September 30, 2005.
