Federal Register

Vol. 70, No. 165

Friday, August 26, 2005

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

## DEPARTMENT OF AGRICULTURE

### Rural Housing Service

#### 7 CFR Part 1924

RIN 0575-AC60

#### Surety Requirements

**AGENCY:** Rural Housing Service, USDA.

**ACTION:** Proposed rule.

**SUMMARY:** The Rural Housing Service is amending its regulations to change the threshold for surety requirements guaranteeing payment and performance from a \$100,000 contract amount to the maximum Rural Development Single Family Housing area lending limit. This limit will vary by locality. This will liberalize the requirement for surety and take into account the increased construction cost of single family homes in Rural Development's Single Family Housing Program. This will ease the burden on small contractors for whom obtaining surety is difficult and expensive, thereby reducing costs to our single family housing borrowers.

**DATES:** Written or e-mail comments must be received on or before October 25, 2005.

#### SUPPLEMENTARY INFORMATION:

##### Classification

This rule has been determined to be not significant for purposes of Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget (OMB).

##### Civil Justice Reform

In accordance with this rule: (1) All State and local laws and regulations that are in conflict with this rule will be preempted, (2) no retroactive effect will be given to this rule, and (3) administrative proceedings in accordance with 7 CFR part 11 must be exhausted before bringing suit in court challenging action taken under this rule, unless those regulations specifically allow bringing suit at an earlier time.

##### Regulatory Flexibility Act

The Administrator of the Rural Housing Service has determined that this rule will not have a significant economic impact on a substantial number of small entities as defined in the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). New provisions included in this rule will not impact a substantial number of small entities to a greater extent than large entities. Therefore, a regulatory flexibility analysis was not performed.

##### Paperwork Reduction Act

There are no new reporting and recordkeeping requirements associated with this rule.

##### Unfunded Mandates Reform Act

This rule contains no Federal mandates (under the regulatory

provisions of title II of the Unfunded Mandates Reform Act of 1995) for State, local, and tribal governments or the private sector. Thus, this rule is not subject to the requirements of sections 202 and 205 of the Unfunded Mandates Reform Act of 1995.

##### Environmental Impact Statement

This document has been reviewed in accordance with 7 CFR part 1940, subpart G, "Environmental Program." RHS has determined that this action does not constitute a major Federal action significantly affecting the quality of the human environment, and, in accordance with the National Environmental Policy Act of 1969, Public Law 91-190, an Environmental Impact Statement is not required.

##### Programs Affected

The programs affected are listed in the Catalog of Federal Domestic Assistance under Number 10.410, Very Low to Moderate Income Housing Loans, and Number 10.415, Rural Rental Housing Loans. Rural Rental Housing Loans will be affected for those construction contracts above the applicable Rural Development area loan limit.

##### Intergovernmental Review

RHS conducts intergovernmental consultation in the manner delineated in RD Instruction 1940-J, "Intergovernmental Review of Rural Development Programs and Activities," and in 7 CFR part 3015, subpart V. The Very Low to Moderate Income Housing Loans Program, Number 10.410, is not subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials. Rural Rental Housing Loans Program, Number 10.415, conducts intergovernmental reviews on a case-by-case basis. An intergovernmental review for this revision is not required or applicable.

##### Background

RHS administers the Direct Single Family Housing Loan and Grant program pursuant to 7 CFR part 3550, designed to assist very low and low-income households to obtain modest, decent, safe, and sanitary housing for use as permanent residences in rural areas. Direct loans may be used to buy, build, or improve the applicant's permanent residence.

RHS regulations in 7 CFR part 1924, subpart A, contain requirements for construction which is funded with direct RHS loans, including direct single family housing loans. The regulation also applies to larger direct funded construction projects by other agencies in the Rural Development mission area. This regulation was originally promulgated on March 13, 1987 in 52 FR 41833. One of the requirements in this regulation is that for construction work performed by the contract method (where the borrower contracts with a builder for the construction), the builder must obtain a surety bond guaranteeing payment and performance in the amount of the contract when the contract exceeds \$100,000. This amount has remained unchanged since 1987. In 1987, a single family house constructed and financed under the direct single family housing loan program would not exceed \$100,000. Since 1987, construction costs for single family houses financed by RHS have dramatically increased so that now construction costs frequently exceed \$100,000. The requirement that builders obtain surety bonds when the construction contract exceeds \$100,000 has made it difficult for contractors to compete for direct single family housing projects financed by RHS. While the regulation contains internal exceptions for the \$100,000 requirement, none of these exceptions satisfactorily resolves the cost burden for builders of direct single family housing.

The revision to 7 CFR 1924.6(a)(3)(i)(A) will facilitate the process of construction by raising the threshold when the contractor must acquire surety bonds. The purpose of this regulation is to revise the existing surety bond requirement for direct funded single family housing. The new threshold will be when the contract exceeds the applicable RHS area single family housing loan limit as established pursuant to 7 CFR 3550.63 and the limit for any particular area is available from any Rural Development office.

The provisions in 7 CFR 1924.6(a)(3)(i) that require payment and performance bonds when construction is under this threshold amount remain unchanged. RHS has determined that changing the threshold for payment and performance bonds provides for more flexibility, is locality based, borrowers are adequately protected, and housing costs are reduced.

#### List of Subjects in 7 CFR Part 1924

#### Airworthiness Directives; GROB-WERKE Model G120A Airplanes

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking (NPRM).

**SUMMARY:** The FAA proposes to adopt a new airworthiness directive (AD) for all GROB-WERKE Model G120A airplanes. This proposed AD would require you to inspect for signs of any chafing damage to the attachment cables of the switch panels below the left-hand instrument panel, any damaged switch below the switch panels of the left-hand instrument panel, any damaged (that is,

sharp) edge of the support tray for the attachment cables of the switch panels below the left-hand instrument panel; correct any damage found during the inspection; and apply a layer of anti-rub (protective padding) strips to the edge of the support tray. This proposed AD results from mandatory continuing airworthiness information (MCAI) issued by the airworthiness authority for Germany. We are issuing this proposed AD to detect, correct, and prevent chafing of the cables against the rear lip of the tray that holds the switch panels. Chafing of the electrical cables could result in smoke or fire in the cockpit.

**DATES:** We must receive any comments on this proposed AD by September 26, 2005.

**ADDRESSES:** Use one of the following to submit comments on this proposed AD:

- **DOT Docket Web site:** Go to <http://dms.dot.gov> and follow the instructions for sending your comments electronically.

- **Government-wide rulemaking Web site:** Go to <http://www.regulations.gov> and follow the instructions for sending your comments electronically.
