SUPPLEMENTARY INFORMATION: DEA published a Notice of Proposed Rulemaking (70 FR 43809) proposing the placement of embutramide into Schedule III of the Controlled Substances Act (CSA). The proposed scheduling action is based on a scientific and medical evaluation and recommendation by the Department of Health and Human Services and an evaluation of this and other information by DEA. On August 22, 2005, DEA received a request for an extension of the period in which to comment and request a hearing. The requestor indicated that the additional time is necessary to review the scientific articles and other information cited by DEA in support of its scheduling proposal. Upon consideration of this request, a thirty day extension of the time to comment and request a hearing is granted. This allows sufficient time for interested persons to evaluate and consider all relevant information and respond accordingly. Therefore, the comment period and time to request a hearing is extended to September 28, 2005. Comments must be received by the DEA on or before this date.

Dated: August 24, 2005.

Deputy Administrator.
