

trends over many selections within a given occupational or organizational area. The information is treated in a confidential manner. No information from the form is entered into the official personnel file of the individual selected and all forms are destroyed after the conclusion of the selection process. The format of the questions on ethnicity and race are compliant with OMB requirements and comparable to those used by other agencies.

The FTC staff estimates that up to 5,000 applicants will submit the form as part of the new online application process and that the form will require 5 minutes to complete, for an annual burden total of approximately 400 hours.

Annual cost burden:

The cost per respondent should be negligible. Participation is voluntary and will not require any labor expenditures by respondents. There are no capital, start-up, operation, maintenance, or other similar costs to the respondents.

Christian S. White,

Acting General Counsel.

Agency for Toxic Substances and Disease Registry (ATSDR) Public Meeting of the Citizens Advisory Committee on Public Health Service (PHS) Activities and Research at Department of Energy (DOE) Sites: Oak Ridge Reservation Health Effects Subcommittee

Name: Public meeting of the Citizens Advisory Committee on PHS Activities and Research at DOE Sites: Oak Ridge Reservation Health Effects Subcommittee (ORRHES).

Time and Date: 12 p.m.—8 p.m., September 22, 2005.

Place: Oak Ridge Mall, Alpine Room, 333 East Main Street, Oak Ridge, Tennessee 37830.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 50 people.

Background: A Memorandum of Understanding (MOU) was signed in October 1990 and renewed in September 2000 between ATSDR and DOE. The MOU delineates the responsibilities and procedures for ATSDR's public health activities at DOE sites required under sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"). These activities include health consultations and public health assessments at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health surveillance, exposure and disease registries, health education, substance-specific applied research, emergency response, and preparation of toxicological profiles. In addition, under an MOU signed in December 1990 with DOE and replaced by an MOU signed in 2000, the Department of Health and Human Services (DHHS) has been given the responsibility and resources for conducting analytic epidemiologic investigations of residents of communities in the vicinity of DOE facilities, workers at DOE facilities, and other persons potentially exposed to radiation or to potential hazards from non-nuclear energy production and use. DHHS has delegated program responsibility to CDC. Community involvement is a critical part of ATSDR's and CDC's energy-related research and activities, and input from members of the ORRHES is part of these efforts.

Purpose: The purpose of this meeting is to address issues that are unique to community involvement with the ORRHES, and agency updates.

Matters To Be Discussed: Agenda items will include a brief discussion on the Beir VII report; a presentation on the draft public health assessment: Current and Future Chemical Exposure Evaluation (1990–2003); an update on ATSDR's project management

plan and the schedule of public health assessments to be released in FY2005–2006; updates and recommendations from the Exposure Evaluation, Community Concerns and Communications, and the Health Outcome Data Workgroups; and agency updates.

Agenda items are subject to change as priorities dictate.

For Further Information Contact: Marilyn Horton, Designated Federal Official and Health Communication Specialist, Division of Health Assessment and Consultation, ATSDR, 1600 Clifton Road, NE., M/S E-32, Atlanta, Georgia 30333, telephone 1-888-42-ATSDR (28737), fax (404) 498-1744.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and ATSDR.

Dated: August 25, 2005.
