SUPPLEMENTARY INFORMATION:

I. General Information

This notice announces two meetings of the Federal Advisory Committee on Detection and Quantitation Procedures and Uses in Clean Water Act (CWA) Programs. The purpose of these meetings is to evaluate and recommend detection and quantitation procedures for use in EPA's analytical methods programs for compliance monitoring under 40 CFR part 136. The Committee will analyze and evaluate relevant scientific and statistical approaches, protocols, review data and interpretations of data using current and recommended approaches. The major objectives are to provide advice and recommendations to the EPA Administrator on policy issues related to detection and quantitation, and scientific and technical aspects of procedures for detection and quantitation.

The draft agenda for September 29 includes a report from the state caucus on how states use detection and quantitation approaches; it also includes reports from the committee's Technical Work Group on draft definitions of terms and an initial analysis of detection and quantitation procedures. On September 30, the advisory committee is expected to discuss policy

issues, identify criteria for narrowing the list of detection and quantitation procedures, discuss how pilot testing of promising procedures might occur, and assign tasks to the Technical Work Group to carry out before the December 8 and 9 meeting. When the advisory committee reconvenes in December, the agenda is expected to include the following matters. On December 8, 2005, the Technical Work Group will report on assignments from the September 28-29 advisory committee meeting, including analysis of detection and quantitation approaches and procedures. On December 9, 2005, the meeting will include discussions concerning the Technical Work Group's reports and further assignments to the Technical Work Group to carry out before the next advisory committee meeting. Agendas for the two meetings are available on the Internet at <http://www.epa.gov/methods/det>.

Electronic documents may be viewed through EDOCKET. Hard copies of the draft agendas may be viewed at the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 am to 4:30 pm, Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OW Docket is (202) 566-2426.

2. Electronic Access. You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EDOCKET. You may use EDOCKET at <http://www.epa.gov/edocket/>. To submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the

appropriate docket identification number (OW-2004-0041).

For those wishing to make public comments, it is important to note that EPA's policy is that comments, whether submitted electronically or on paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks mailed or delivered to the Docket will be transferred to EPA's electronic public docket. Written public comments mailed or delivered to the Docket will be scanned and placed in EPA's electronic public docket.

B. How and to Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket identification number (OW-2004-0041) in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period.

1. Electronically. If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment, and it allows EPA to contact you if further information on the substance of the comment is needed or if your comment cannot be read due to technical difficulties. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment placed in the official public docket and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for

clarification, EPA may not be able to consider your comment.

i. EDOCKET. Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EDOCKET at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. To access EPA's electronic public docket from the EPA Internet Home Page, <http://www.epa.gov>, select "Information Sources," "Dockets," and "EDOCKET." Once in the system, select "search," and then key in Docket ID No. OW-2004-0041. The system is an anonymous access system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. E-mail. Comments may be sent by electronic mail (e-mail) to OW.Docket@epa.gov, Attention Docket ID No. OW-2004-0041. In contrast to EPA's electronic public docket, EPA's e-mail system is not an anonymous access system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. Disk or CD ROM. You may submit comments on a disk or CD ROM mailed to the mailing address identified in section I.B.2 of this notice. These electronic submissions will be accepted in Word, WordPerfect or rich text files. Avoid the use of special characters and any form of encryption.
