

Requirements,” and 5.3.1 of FIPS 201, “PIV Card Issuance,” are being revised to assure that they are consistent with the OMB guidance concerning National Agency Checks as part of the identity proofing and registration process. Therefore, NIST has prepared changes to FIPS 201 to clarify the identity proofing and registration process that departments and agencies should follow when issuing identity credentials. In short, under the proposed FIPS revision if an agency does not receive the results of the National Agency Checks (NAC) within five days, the identity credential can be issued based on the FBI National Criminal History Check (fingerprint check). Identity credentials issued to individuals without a completed NAC or equivalent must be electronically distinguishable from identity credentials issued to individuals who have a completed investigation. Director Bolten’s Memorandum is available electronically from the OMB Web page: <http://www.whitehouse.gov/omb/memoranda/index.html>.

The proposed changes to FIPS Publication 201 are available electronically from the NIST Web site at: <http://csrc.nist.gov/publications/>.

SUPPLEMENTARY INFORMATION:

I. Notice of Appeal

Irizarry Garcia has filed a notice of appeal with the Secretary of Commerce pursuant to the Coastal Zone Management Act of 1972 (CZMA), 16 U.S.C. 1451 *et seq.*, and implementing regulations found at 15 CFR part 930, Subpart H. Mr. Garcia appealed an objection raised by the Puerto Rico Planning Board to a consistency certification contained within his application to the U.S. Army Corps of Engineers for a permit necessary to reconstruct a private pier. The Appellant requests that the Secretary override the State’s consistency objection on the basis that the proposed

activity is “consistent with the objectives” of the CZMA. To make this determination, the Secretary must find that: (1) The proposed activity furthers the national interest as articulated in section 302 or 303 of the CZMA, in a significant or substantial manner; (2) the adverse effects of the proposed activity do not outweigh its contribution to the national interest, when those effects are considered separately or cumulatively; and (3) no reasonable alternative is available that would permit the activity to be conducted in a manner consistent with enforceable policies of Puerto Rico’s management program. 15 CFR 930.121.

II. Public and Federal Agency Comments

Written public comments are invited on any of the issues that the Secretary must consider in deciding this appeal. Comments must be received within 30 days of the publication of this notice, and may be submitted by e-mail to garcia.comments@noaa.gov. Comments may also be sent to Jennifer Nist, Deputy Assistant General Counsel for Ocean Services, NOAA Office of the General Counsel, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, 1305 East-West Highway, Room 6111, Silver Spring, MD 20910. Comments will be made available to the Appellant and the State.
