recent contractors, the Committee has
determined that the products and
services listed below are suitable for

2.4.

Regulatory Flexibility Act Certification

I certify that the following action will
not have a significant impact on a
substantial number of small entities.
The major factors considered for this
certification were:

1. The action will not result in any
additional reporting, recordkeeping or
other compliance requirements for small
entities other than the small
organizations that will furnish the
products and services to the
Government.

2. The action will result in
authorizing small entities to furnish the
products and services to the
Government.

3. There are no known regulatory
alternatives which would accomplish
the objectives of the Javits-Wagner-
O'Day Act (41 U.S.C. 46-48c) in
connection with the products and
services proposed for addition to the
Procurement List.
