

and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St. NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Project No. 8535-039]

Virginia Hydrogeneration and Historical Society, L.C.; Notice of Availability of Environmental Assessment

September 7, 2005.

In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Energy Regulatory Commission's (Commission) regulations (18 CFR part 380), Commission staff have reviewed an application to surrender the license for the Battersea Project, filed December 20, 2004. The project is located on The Appomattox River, in the City of Petersburg, Virginia.

Commission staff prepared an environmental assessment (EA), analyzing the probable environmental effects of the proposed surrender, and has concluded that approval of the surrender request would not constitute a major federal action significantly affecting the quality of the human environment.

A copy of the EA is attached to the Commission order titled "Order Conditionally Accepting Surrender of License," issued September 6, 2005, and is available for review at the Commission's Public Reference Room. A copy of the EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-8535) in the docket number field to access the document. For assistance, call (202) 502-8222, or (202) 502-8659 (for TTY).

Standards of Conduct for Transmission Providers; Notice Waiving Record Keeping Requirements

September 7, 2005.

Due to the emergency conditions in the Gulf Coast area of the United States created by Hurricane Katrina, on August 31, 2005, the Commission issued a Notice Granting Extension Of Time To Comply With Posting And Other Requirements. That Notice, among other things, allowed affected transmission providers to delay, until September 30, 2005, compliance with the requirement of section 358.4(a)(2) of the Commission's regulations, 18 CFR 358.4(a)(2)(2005), to report to the Commission and post on the OASIS or Internet website, as applicable, each emergency that resulted in any deviation from the standards of conduct.

Due to the extreme nature of the emergency, the Commission will also waive, until September 16, 2005, the requirement to record and retain a record of each deviation of the standards of conduct. The Commission

will consider extending the waiver if it continues to be needed after that date.
