■ In consideration of the foregoing, the Commission amends part 45, Chapter I, Title 18, *Code of Federal Regulations*, as follows.

PART 45—APPLICATION FOR AUTHORITY TO HOLD INTERLOCKING POSITIONS

■ 1. The authority citation for part 45 is revised to read as follows:

Authority: 16 U.S.C. 791a-825r, 2601-2645; 31 U.S.C. 9701; 42 U.S.C. 7101-7352; 3 CFR 142.

■ 2. Section 45.3 is revised to read as follows:

§ 45.3 Timing of filing application.

(a) The holding of positions within the purview of section 305(b) of the Act shall be unlawful unless the holding shall have been authorized by order of the Commission. Nothing in this part shall be construed as authorizing the holding of positions within the purview

of section 305(b) of the Act prior to order of the Commission on application therefor. Applications must be filed and authorization must be granted prior to holding any interlocking positions within the purview of section 305(b) of the Act; late-filed applications will be denied. The term "holding", as used in this part, shall mean acting as, serving as, voting as, or otherwise performing or assuming the duties and responsibilities of officer or director within the purview of section 305(b) of the Act.

(b) Absent Commission action within 60 days of a completed application to hold interlocking positions, an application will be deemed granted. Such authorization is subject to revocation by the Commission after due notice to applicant and opportunity for hearing. In any such proceeding, the burden of proof shall be upon the applicant to show that neither public nor private interests will be adversely affected by the holding of such positions.

■ 3. In § 45.9, paragraph (b) is revised and paragraph (c)(5) is added to read as follows:

§ 45.9 Automatic authorization of certain interlocking positions.

* * * * *

(b) *Conditions of authorization.* As a condition of authorization, any person authorized to hold interlocking positions under this section must submit, prior to performing or assuming the duties and responsibilities of the position, an informational report in accordance with paragraph (c) of this section, unless that person is already authorized to hold interlocking positions of the type governed by this section. Failure to timely file the informational report will constitute a failure to satisfy this condition, and will constitute automatic denial.

(c) *Informational report.* * * *

(5) A statement or an affirmation that the applicant has not yet performed or assumed the duties or responsibilities of the position which necessitated the filing of this informational report.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

18 CFR Part 385

[Docket No. RM05-33-000; Order No. 663]

Revision of Rules of Practice and Procedure Regarding Issue Identification

Issued September 16, 2005.

AGENCY: Federal Energy Regulatory Commission.

ACTION: Final rule.

SUMMARY: The Federal Energy Regulatory Commission (Commission) is revising its regulations regarding filings. The regulations are revised to clarify that any issues that the movant wishes the Commission to address must be specifically identified in a section entitled "Statement of Issues." This change will benefit the Commission by clarifying issues raised, and benefit movants by ensuring issues are addressed promptly and preserved for appeal.

EFFECTIVE DATE: The rule will become effective September 23, 2005.

FOR FURTHER INFORMATION CONTACT: Carol C. Johnson, Office of the General Counsel, GC-13, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, 202-502-8521.

SUPPLEMENTARY INFORMATION:

Before Commissioners: Joseph T. Kelliher, Chairman; Nora Mead Brownell, and Suedeen G. Kelly.

1. The Federal Energy Regulatory Commission (Commission) is revising its rules of practice and procedure to clarify that any issues a movant wishes the Commission to address must be clearly set forth in a section entitled "Statement of Issues," that will reference representative Commission and court precedent on which the participant is relying. While the current rules require that pleadings include "[t]he position taken by the participant filing any pleading * * * and the basis in fact and law for such position," the Commission has found that movants sometimes fail to specify the issues they want the Commission to address, or the case law supporting their position. 18 CFR 385.203(a)(7). This revision will benefit movants, and other parties to the proceeding, as well as the Commission.

2. The way to ensure that an issue is addressed is for a movant to place it squarely before the Commission in a filing. Under the Administrative

⁵² See 5 U.S.C. 804(2).

⁵³ See 5 U.S.C. 801(a)(1)(A).

Procedures Act (APA), 5 U.S.C. 554(b)(3), “[w]hen private persons are the moving parties, other parties to the proceeding shall give prompt notice of issues controverted in fact or law * * *.” These amendments are consistent with that provision of the APA in that they require that a movant identify with specificity those issues he is raising with the Commission, and provide the applicable legal authority supporting his position.

3. This rule will benefit all participants. Other parties will know with certainty which issues to address in any responsive pleadings. The Commission will know with certainty the issues being raised and the legal support cited as supporting that issue, enabling the Commission to respond promptly and thoroughly to such issues. Finally, movants will benefit by placing the issue squarely before the Commission for resolution.

4. There have been numerous instances where appeals have been denied because an appellant failed to clearly raise an issue before the Commission on rehearing. *See, e.g., California Dep’t of Water Resources v. FERC*, 341 F.3d 906, 911(9th Cir. 2003) (issue not preserved for review where petitioner “raised the issue in a single sentence at the end of an unrelated section of its request for rehearing, without citing the statutory language it now urges [the court of appeals] to consider.”); *Intermountain Municipal Gas Agency v. FERC*, 326 F.3d 1282, 1285 (D.C. Cir. 2003); *Coalition for the Fair and Equitable Regulation of Docks on the Lake of the Ozarks v. FERC*, 297 F.3d 771, 777 (8th Cir. 2002) (declining to find jurisdiction where petitioner’s “brief does not show that it raised the * * * arguments in any recognizable form”). Both the Natural Gas Act and the Federal Power Act require that issues be presented with specificity to the Commission on rehearing prior to any court appeal. 15 U.S.C. 717r(b) (“No objection to the order of the Commission shall be considered by the court unless such objection shall have been urged before the Commission in the application for rehearing unless there is reasonable ground for failure to do so.”); 16 U.S.C. 825l(a) (“The application for rehearing shall set forth specifically the ground or grounds upon which such application is based * * * . No proceeding to review any orders of the Commission shall be brought by any person unless such person shall have made application to the Commission for a rehearing thereon.”). This is a threshold issue; courts have found no jurisdiction to address issues that were not sufficiently raised in a request for

rehearing. *See, e.g., Intermountain v. FERC*, 326 F.2d at 1285 (concluding the court lacked jurisdiction to address an issue because “so general and vague statement” does not satisfy the requirement in the Natural Gas Act that objections be “specifically urged.”) (citations omitted).

5. The general rules regarding content of pleadings are found in Rule 203, Content of pleadings and tariff or rate filings. 18 CFR 385.203. Rule 202 defines pleadings to include “any application, complaint, petition, protest, notice of protest, answer, motion, and any amendment or withdrawal of a pleading.” 18 CFR 385.202.¹ To date, § 385.203(a)(7) has required that each pleading include, as appropriate, “[t]he position taken by the participant filing any pleading, to the extent known when the pleading is filed, and the basis in fact and law for such position.” The Commission is revising this provision to specify that the issues be set forth in a separate titled section. Revised § 385.203(a)(7) requires that pleadings include: “[t]he position taken by the participant filing any pleading, to the extent known when the pleading is filed, and the basis in fact and law for such position, including a separate section entitled “Statement of Issues,” listing each issue presented to the Commission in a separately enumerated paragraph that includes representative Commission and court precedent on which the participant is relying.”

6. This final rule also adds language to Rule 713 to clarify that a “Statement of Issues” section is also required in requests for rehearing as well as pleadings. Existing Rule 713 states that requests for rehearing “must * * * [c]onform to the requirements in Rule 203(a) which are applicable to pleadings.” 18 CFR 713(c)(2). Therefore, the amended language in revised Rule 203 already applies to rehearings; however, the requirement for a section entitled “Statement of Issues” is important enough that it warrants repeating in the rule on requests for rehearing. Revised 18 CFR 385.713(c)(2) is, therefore, revised to clarify that requests for rehearing must “conform to the requirements in Rule 203(a), which are applicable to pleadings, including, but not limited to, the requirement for a separate section entitled “Statement of Issues,” listing each issue in a separately enumerated paragraph that includes representative Commission and court precedent on which the party is relying.”

¹ Rule 202 specifically excludes comments on rulemakings or comments on offers of settlement from the definition of pleading.

7. If a movant fails to list issues in a separate section entitled “Statement of Issues,” such issues will be deemed to have been waived. This is consistent with existing Rule 2001, which states that filings that fail to meet applicable statutes, rules or orders may be rejected in full or all or part of the filing may be stricken. 18 CFR 385.2001(b). Sections 385.203 and 385.713 are both revised to specify that issues that are not presented in separate paragraphs in the “Statement of Issues” section will be deemed waived.

8. The changes that are made in this rule are essentially formatting changes. The existing regulations already require issue identification and the basis in fact and law for positions asserted; this order simply requires that the issues and legal support for the position taken be set forth in a section entitled “Statement of Issues,” thus making it easier for staff and others to know with certainty the issues and legal arguments being raised.

Information Collection Statement

9. The Office of Management and Budget’s (OMB’s) regulations require that OMB approve certain information collection requirements imposed by agency rule. 5 CFR 1320.12 (2005). This final rule contains no additional information reporting requirements, and is not subject to OMB approval.

Environmental Analysis

10. The Commission is required to prepare an Environmental Assessment or an Environmental Impact Statement for any action that may have a significant adverse effect on the human environment.² The Commission has categorically excluded certain actions from this requirement as not having a significant effect on the human environment. Included in the exclusion are rules that are clarifying, corrective, or procedural that do not substantially change the effect of the regulations being amended. This proposed rule is procedural in nature and, therefore, falls under this exception; consequently, no environmental consideration is necessary.

Regulatory Flexibility Act Certification

11. The Regulatory Flexibility Act of 1980 (RFA)³ generally requires a description and analysis of final rules that will have significant economic impact on a substantial number of small entities. The Commission is not

² Order No. 486, Regulations Implementing the National Environmental Policy Act, 52 FR 47897 (Dec. 17, 1987), FERC Stats. & Regs. Preambles 1986–1990 ¶ 30,783 (1987).

required to make such analysis if a rule would not have such an effect. The Commission certifies that this rule will not have such an impact on small entities as it merely clarifies existing requirements. An analysis under the RFA therefore, is not required.

You may also contact the Public Reference Room at (202) 502-8371 or e-mail at public.referenceroom@ferc.gov.

Effective Date

15. These regulations are effective immediately upon publication in the **Federal Register**. In accordance with 5 U.S.C. 553(d)(3), the Commission finds that good cause exists to make this Final Rule effective immediately upon publication. It concerns only a matter of procedure affecting formatting of filings.

16. The provisions of 5 U.S.C. 801 regarding Congressional review of Final Rules does not apply to this Final Rule, because the rule concerns agency procedure and practice and will not substantially affect the rights of non-agency parties.

17. The Commission is issuing this as a final rule without a period for public comment. Under 5 U.S.C. 553(b), notice and comment procedures are unnecessary where a rulemaking concerns only agency procedure and practice, or where the agency finds that notice and comment is unnecessary. This rule concerns only a clarification of a matter of agency procedure and will

not significantly affect regulated entities or the general public.
