

restoration, waste management and related activities.

#### *Tentative Agenda*

5:30 p.m.—Informal Discussion

6 p.m.—Call to Order

—Introductions

—Review of Agenda

—Approval of September Minutes

6:15 p.m.—Deputy Designated Federal Officer's Comments

6:35 p.m.—Federal Coordinator's Comments

6:40 p.m.—Ex-officios' Comments

6:50 p.m.—Public Comments and Questions

7 p.m.—Task Forces/Presentations

- Waste Disposition Task Force
- Water Quality Task Force—C-746 S&T Site Evaluation Report
- Long Range Strategy/Stewardship Task Force
- Community Outreach Task Force

8 p.m.—Public Comments and Questions

8:10 p.m.—Break

8:20 p.m.—Administrative Issues

- Budget Review
- Review of Workplan
- Review of Next Agenda

8:30 p.m.—Review of Action Items

8:35 p.m.—Subcommittee Reports

- Executive Committee
- Chairs Meeting Overview

8:50 p.m.—Final Comments

9 p.m.—Adjourn

*Public Participation:* The meeting is open to the public. Written statements may be filed with the Board either before or after the meeting. Individuals who wish to make oral statements pertaining to agenda items should contact David Dollins at the address listed below or by telephone at (270) 441-6819. Requests must be received five days prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Deputy Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Individuals wishing to make public comment will be provided a maximum of five minutes to present their comments.

*Minutes:* The minutes of this meeting will be available for public review and copying at the U.S. Department of Energy's Freedom of Information Public Reading Room, 1E-190, Forrestal Building, 1000 Independence Avenue, SW., Washington, DC 20585 between 9 a.m. and 4 p.m., Monday-Friday, except Federal holidays. Minutes will also be available at the Department of Energy's Environmental Information Center and Reading Room at 115 Memorial Drive, Barkley Centre, Paducah, Kentucky between 8 a.m. and 5 p.m., on Monday

thru Friday or by writing to David Dollins, Department of Energy, Paducah Site Office, Post Office Box 1410, MS-103, Paducah, Kentucky 42001 or by calling him at (270) 441-6819.

Issued at Washington, DC on September 20, 2005.

**Rachel M. Samuel,**

*Deputy Advisory Committee Management Officer.*

## **ENVIRONMENTAL PROTECTION AGENCY**

[FRL-7974-8]

### **Acid Rain Program: Notice of Annual Adjustment Factors for Excess Emission Penalty**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of annual adjustment factors for excess emissions penalty.

**SUMMARY:** Under the Acid Rain Program, affected units must hold enough allowances to cover their sulfur dioxide emissions and meet an emission limit for nitrogen oxides. Under 40 CFR 77.6, units that do not meet these requirements must pay a penalty without demand to the Administrator based on the number of excess tons emitted times \$2000 as adjusted by an annual adjustment factor that must be published in the **Federal Register**.

The annual adjustment factor for adjusting the penalty for excess emissions of sulfur dioxide and nitrogen oxides under 40 CFR part 77 for compliance year 2005 is 1.5209. This value is derived using the Consumer Price Index ("CPI") for 1990 and 2005 (as defined at 40 CFR part 72, the 2005 CPI is based on the August 2004 CPI for all urban consumers), and corresponds to a penalty of \$3042 per excess ton of sulfur dioxide or nitrogen oxides emitted.

The annual adjustment factor for adjusting the penalty for excess emissions of sulfur dioxide and nitrogen oxides under 40 CFR part 77 for compliance year 2006 is 1.5762. This value is derived using the Consumer Price Index ("CPI") for 1990 and 2006 (as defined at 40 CFR part 72, the 2006 CPI is based on the August 2005 CPI for all urban consumers), and corresponds to a penalty of \$3152 per excess ton of sulfur dioxide or nitrogen oxides emitted.

**FOR FURTHER INFORMATION CONTACT:** Robert Miller, Clean Air Markets Division (6204J), U.S. Environmental

Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460 at (202) 343-9077.

Dated: September 20, 2005.

**Sam Napolitano,**

*Director, Clean Air Markets Division, Office of Atmospheric Programs, Office of Air and Radiation.*

## **ENVIRONMENTAL PROTECTION AGENCY**

[FRL-7974-6; E-Docket No. ORD-2005-0026]

### **Draft All-Ages Lead Model**

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of external review draft for public review and comment.

**SUMMARY:** The U.S. Environmental Protection Agency (EPA) Office of Research and Development's National Center for Environmental Assessment (NCEA) is announcing the availability of an external review draft of the newly developed All-Ages Lead Model (AALM) Version 1.05, for public review and comment. EPA is releasing this draft model solely for the purpose of pre-dissemination peer review under applicable information quality guidelines. This model has not been formally disseminated by EPA. It does not represent and should not be construed to represent any Agency policy or determination.

**DATES:** The period for submission of comments on the external review draft of the AALM begins September 27, 2005, and ends October 27, 2005.

**ADDRESSES:** The external review draft of the AALM will be available on or about September 27, 2005. Internet users will be able to access this model and the accompanying user's guide on the NCEA home page under Recent Additions; the URL is <http://www.epa.gov/ncea/>. The EPA numbers are: EPA/600/C-05/013 for the model and EPA/600/R-05/102 for the user's guide. A limited number of CD-ROM copies will be available. For information on copies of the draft documents, contact Ms. Diane Ray by phone (919-541-3637), facsimile (919-541-1818), or e-mail ([ray.diane@epa.gov](mailto:ray.diane@epa.gov)) to request a CD-ROM copy. Please provide the draft's title, All-Ages Lead Model (AALM) Version 1.05, the EPA numbers, EPA/600/C-05/013 and EPA/600/R-05/102, and your name and address to facilitate processing of your request. Public comments on the external review

draft of the AALM may be submitted electronically, by mail, by facsimile, or by hand delivery/courier. Please follow the detailed instructions as provided in the section of this notice entitled

**SUPPLEMENTARY INFORMATION.**

**FOR FURTHER INFORMATION CONTACT:** For details on the period for submission of comments from the public, contact the Office of Environmental Information Docket; telephone: 202-566-1752; facsimile: 202-566-1753; or e-mail: [ORD.Docket@epa.gov](mailto:ORD.Docket@epa.gov).

For technical information, contact Robert Elias, Ph.D., NCEA, facsimile: 919-541-1818, or e-mail: [elias.robert@epa.gov](mailto:elias.robert@epa.gov).

**SUPPLEMENTARY INFORMATION:** The AALM represents EPA's latest efforts to develop tools to model human lead exposure, and it builds on EPA's prior experience in lead modeling. EPA's Uptake Biokinetic (UBK) Model for Lead underwent peer review by the Science Advisory Board's (SAB) Indoor Air Quality and Total Human Exposure Committee in November 1991 (56 FR 55127, October 24, 1991). Subsequently, the Integrated Exposure Uptake Biokinetic (IEUBK) Model for Lead in Children Version 0.99d was released in March 1994 (U.S. EPA, Office of Solid Waste and Emergency Response; available from NTIS, PB94-501517). The purpose of the IEUBK model is to provide risk assessors and risk managers with a tool for rapidly evaluating the impact of possible sources of lead in a specific human setting where there is a concern for human exposure to lead. The IEUBK model has been widely accepted in the risk assessment community as a tool for implementing the site specific risk assessment process when the issue is childhood lead exposure. Version 1.0 of IEUBK is currently available at the following URL, <http://www.epa.gov/superfund/programs/lead/ieubk.htm>.

Recognizing the need to expand the IEUBK model to include older childhood and adult lead exposure and to add several features not available with the model, EPA initiated work on the AALM in 1998, when the exposure module was expanded to a full age range (0-90 years) and revised to incorporate several new model features and user options. In 1999, additional AALM development was accomplished with the expansion of the uptake and biokinetic modules. Since then, further refinement and preliminary testing of the AALM software has been carried out. The goal is to reduce uncertainty in lead exposure assessments for adults and children.

After the end of the comment period on the external review draft of the All-Ages Lead Model (AALM) Version 1.05, EPA will present the draft at a public meeting, tentatively scheduled for October 27 and 28, 2005, for review by EPA's Science Advisory Board (SAB) Ad Hoc All-Ages Lead Model (AALM) Review Panel. Public comments received during the external review comment period will be provided to the SAB review panel. There will be a subsequent **Federal Register** notice informing the public of the exact date and time of that SAB review panel meeting.

**How To Submit Comments to EPA's E-Docket**

EPA has established an official public docket for information pertaining to the external review draft of the AALM, Docket ID No. ORD-2005-0026. The official public docket is the collection of materials, excluding Confidential Business Information (CBI) or other information whose disclosure is restricted by statute that is available for public viewing at the Office of Environmental Information (OEI) Docket in the Headquarters EPA Docket Center, EPA West Building, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is 202-566-1744, and the telephone number for the OEI Docket is 202-566-1752; facsimile: 202-566-1753; or e-mail: [ORD.Docket@epa.gov](mailto:ORD.Docket@epa.gov).

An electronic version of the official public docket is available through EPA's electronic public docket and comment system, E-Docket. You may use E-Docket at <http://www.epa.gov/edocket/> to submit or view public comments, to access the index listing of the contents of the official public docket, and to view those documents in the public docket that are available electronically. Once in the system, select search, then key in the appropriate docket identification number.

Certain types of information will not be placed in E-Docket. Information claimed as CBI and other information with disclosure restricted by statute, also not included in the official public docket, will not be available for public viewing in E-Docket. Copyrighted material also will not be placed in E-Docket but will be referenced there and available as printed material in the official public docket.

Persons submitting public comments should note that EPA's policy makes the information available as received and at

no charge for public viewing at the EPA Docket Center or in E-Docket. This policy applies to information submitted electronically or in paper form, except where restricted by copyright, CBI, or statute.

Unless restricted as above, public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to E-Docket. Physical objects will be photographed, where practical, and the photograph will be placed in E-Docket along with a brief description written by the docket staff.

You may submit public comments electronically, by mail, by facsimile, or by hand delivery/courier. To ensure proper receipt by EPA, include the appropriate docket identification number with your submission. Please adhere to the specified submitting period. Public comments received or submitted past the closing date will be marked "late" and may only be considered if time permits.

If you submit public comments electronically, EPA recommends that you include your name, mailing address, and an e-mail address or other details for contacting you. Also include these contact details on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the person submitting the public comments and allows EPA to contact you in case the Agency cannot read what you submit due to technical difficulties or needs to clarify issues raised by what you submit. If EPA cannot read what you submit due to technical difficulties and cannot contact you for clarification, it may delay or prohibit the Agency's consideration of the public comments.

To access EPA's electronic public docket from the EPA Internet Home Page, select "Information Sources," "Dockets," and "EPA Dockets." Once in the system, select "search," and key in Docket ID No. ORD-2005-0026. The system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact details unless you provide it in the body of your comment.

Public comments may be sent by electronic mail (e-mail) to [ORD.Docket@epa.gov](mailto:ORD.Docket@epa.gov), Attention Docket ID No. ORD-2005-0026. In contrast to EPA's electronic public docket, EPA's e-mail system is *not* an "anonymous access" system. If you send an e-mail directly to the docket without going through EPA's E-Docket, EPA's e-mail system automatically captures your email address, and it becomes part of the information in the official public

docket and is made available in EPA's E-Docket.

You may submit public comments on a disk or CD ROM mailed to the OEI Docket mailing address. Files will be accepted in WordPerfect, Word, or PDF file format. Avoid the use of special characters and any form of encryption.

If you provide public comments in writing, please submit one unbound original, with pages numbered consecutively, and three copies. For attachments, provide an index, number pages consecutively with the main text, and submit an unbound original and three copies.

Dated: September 21, 2005.

[FRL-7975-5]

### Proposed CERCLA Administrative Cost Recovery Settlement; Town of Tilton and Tilton/Northfield Fire Department, Old Pillsbury Mill Superfund Site, Tilton, NH

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of proposed settlement; request for public comment.

**SUMMARY:** In accordance with section 122(i) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended ("CERCLA"), 42 U.S.C. 9622(i), notice is hereby given of a proposed administrative settlement for recovery of past costs concerning the Old Pillsbury Mill Superfund Site in Tilton, New Hampshire with the following settling parties: Town of Tilton and the Tilton/Northfield Fire Department. The settlement requires the settling parties to pay \$378,706.00 to the Hazardous Substance Superfund. The settlement includes a covenant not to sue the settling parties pursuant to section 107(a) of CERCLA, 42 U.S.C. 9606 and 9607(a). For thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the settlement. The Agency will consider all comments received and may modify or withdraw its consent to the settlement if comments received disclose facts or considerations which indicate that the settlement is inappropriate, improper, or inadequate.

The Agency's response to any comments received will be available for public inspection at One Congress Street, Boston, MA 02214-2023 (Telephone No. 617-918-1440).

**DATES:** Comments must be submitted on or before October 27, 2005.

**ADDRESSES:** Comments should be addressed to Audrey Zucker, Enforcement Counsel, U.S. Environmental Protection Agency, Region I, One Congress Street, Suite 1100 (SES), Boston, Massachusetts 02114-2023 (Telephone No. 617-918-1778) and should refer to: In re: Old Pillsbury Mill Superfund Site, U.S. EPA Docket No. 01-2005-0016.

**FOR FURTHER INFORMATION CONTACT:** A copy of the proposed settlement may be obtained from Audrey Zucker, U.S. Environmental Protection Agency, Region I, Office of Environmental Stewardship, One Congress Street, Suite 1100 (SES), Boston, MA 02114-2023 (Telephone No. 617-918-1778; E-mail [zucker.audrey@epa.gov](mailto:zucker.audrey@epa.gov)).

Dated: September 12, 2005.

**Susan Studlien,**

## ENVIRONMENTAL PROTECTION AGENCY

[OPPT-2004-0109 FRL-7716-9]

### Endocrine Disruptor Screening Program; Chemical Selection Approach for Initial Round of Screening

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice describes the approach EPA plans to use for selecting the first group of chemicals to be screened in the Agency's Endocrine Disruptor Screening Program (EDSP). The Food Quality Protection Act of 1996 (FQPA) amended the Federal Food, Drug, and Cosmetic Act (FFDCA) to direct EPA to develop a chemical screening program using appropriate validated test systems and other scientifically relevant information to determine whether certain substances may have hormonal effects. In December 2002, EPA sought comment on its approach for selecting the initial list of chemicals for which testing will be required under the EDSP. Following review and revision based on the public comments, EPA is now describing the approach that it intends to use for

selecting the chemicals for the initial list. For this initial approach, as recommended by scientific advisory committees, EPA will select 50 to 100 chemicals. The chemicals will be selected based on their relatively high potential for human exposure rather than using a combination of exposure- and effects-related factors. The scope of this first group of chemicals to be tested includes pesticide active ingredients and High Production Volume (HPV) chemicals used as pesticide inert. This will allow EPA to focus its initial screening efforts on a smaller and more manageable universe of chemicals that emphasizes the early attention to the pesticide chemicals that Congress specifically mandated EPA to test for possible endocrine effects. This notice does not identify the initial list of chemicals, nor does it describe other aspects of the EDSP such as the administrative procedures EPA will use to require testing, the validated tests and battery that will be included in the EDSP, or the timeframe for requiring the testing or receiving the data. The initial chemical list and the details of the EDSP process that will apply to the initial chemical list will be addressed in subsequent notices published in the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:** For general information contact: Colby Lintner, Regulatory Coordinator, Environmental Assistance Division (7408M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 554-1404; e-mail address: [TSCA-Hotline@epa.gov](mailto:TSCA-Hotline@epa.gov).

For technical information contact: Mary Belefski, Office of Science Coordination and Policy (7201M), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 564-8461; e-mail address: [belefski.mary@epa.gov](mailto:belefski.mary@epa.gov).

## SUPPLEMENTARY INFORMATION:

### I. General Information

#### A. Does this Action Apply to Me?

This action is directed to the public in general. This action may, however, be of interest if you produce, manufacture, use, consume, work with, or import pesticide chemicals, substances that may have an effect cumulative to an effect of a pesticide, or substances found in sources of drinking water. To determine whether you or your business may be affected by this action, you should carefully examine section 408(p) of FFDCA, 21 U.S.C. 346a(p), and the Safe Drinking Water Act (SDWA), 42
