### National Park Service

#### Notice of Inventory Completion: Pacific Lutheran University, Tacoma, WA

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains in the possession of Pacific Lutheran University, Pierce County, Tacoma, WA. The human remains were

removed from a site in Parkland, Pierce County, WA.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003 (d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains. The National Park Service is not responsible for the determinations in this notice.

A detailed assessment of the human remains was made by Pacific Lutheran University professional staff in consultation with representatives of the Confederated Tribes and Bands of the Yakama Nation, Washington; Confederated Tribes of the Colville Reservation, Washington; Cowlitz Indian Tribe, Washington; Muckleshoot Indian Tribe of the Muckleshoot Reservation, Washington; Nisqually Indian Tribe of the Nisqually Reservation, Washington; and Puyallup Tribe of the Puyallup Reservation, Washington.

Prior to 1938, human remains representing a minimum of one individual were removed from an unidentified site in Parkland, Pierce County, WA. The human remains were originally transferred to a Pacific Lutheran University faculty member who loaned them, along with other items from the same site, to the University of Washington, Burke Museum, Seattle, WA, in 1938. Most of the 1938 loan was returned in the early 1940s. However, the human remains were discovered in the Burke Museum's collections in 1995 and transferred to Pacific Lutheran University. No known individuals were identified. No associated funerary objects are present.

Funerary objects originally found with the remains, but no longer in the possession of either the Burke Museum or Pacific Lutheran University, indicate the human remains were interred during the historic period. The burial site location is located within the area ceded to the United States by the Niskwally, Payullup, Steilacoom, Squaxin, S'Homamish, Stehchass, T'Peeksin, Squiaitl, and Sa-heh-wamish in the treaty of Medicine Creek, December 26, 1854. The burial site location is believed to be located within the area recognized by a final judgment of the United States Court of Claim as the aboriginal land of the Puyallup Tribe of the Puyallup Reservation, Washington.

Officials of Pacific Lutheran University have determined that, pursuant to 25 U.S.C. 3001 (9–10), the human remains described above represent the physical remains of one

individual of Native American ancestry. Officials of Pacific Lutheran University also have determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and the Puyallup Tribe of the Puyallup Reservation, Washington.

Representatives of any other Indian tribe that believes itself to be culturally affiliated with the human remains should contact David R. Huelsbeck, Anthropology Department, Pacific Lutheran University, Tacoma, WA 98447, telephone (253) 535-7196, before November 7, 2005. Repatriation of the human remains to the Puyallup Tribe of the Puyallup Reservation, Washington may proceed after that date if no additional claimants come forward.

Pacific Lutheran University is responsible for notifying the the Confederated Tribes and Bands of the Yakama Nation, Washington; Confederated Tribes of the Colville Reservation, Washington; Cowlitz Indian Tribe, Washington; Muckleshoot Indian Tribe of the Muckleshoot Reservation, Washington; Nisqually Indian Tribe of the Nisqually Reservation, Washington; and Puyallup Tribe of the Puyallup Reservation, Washington that this notice has been published.

Dated: September 1, 2005.

### Bureau of Reclamation

[FES 05-29]

#### **Humboldt Project Conveyance, Pershing, Churchill and Lander Counties, NV**

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of availability of the final environmental impact statement (FEIS).

**SUMMARY:** Pursuant to the National Environmental Policy Act 102(2) of 1969, the Bureau of Reclamation has prepared a FEIS for the Humboldt Project Conveyance, Pershing, Churchill, and Lander Counties, Nevada. The FEIS assesses the impacts of conveying title of the Humboldt Project (Project) and associated lands to the Pershing County Water Conservation District (PCWCD), State of Nevada, Lander County and Pershing County.

The action is needed to comply with Title VIII of Pub. L. 107-282 which directs Reclamation to transfer title of the Project to the entities listed above.

**DATES:** Reclamation will not make a decision on the proposed action until at least 30 days after release of the FEIS. At the end of the 30-day period, Reclamation will complete a Record of Decision (ROD). The ROD will state the action that will be implemented and will discuss all factors leading to the decision.

**FOR FURTHER INFORMATION CONTACT:** To request a copy of the document, please call (775) 884-8352, or write or e-mail Caryn Hunt DeCarlo, Bureau of Reclamation, Lahontan Basin Area Office, 705 N Plaza, Room 320, Carson City, NV 89701, or e-mail [chunttdecarlo@mp.usbr.gov](mailto:chunttdecarlo@mp.usbr.gov). The FEIS is accessible from the following Web site: [http://www.usbr.gov/mp/nepa/nepa\\_projdetails.cfm?Project\\_ID=550](http://www.usbr.gov/mp/nepa/nepa_projdetails.cfm?Project_ID=550).

**SUPPLEMENTARY INFORMATION:** A Notice of Intent to prepare an Environmental Impact Statement was published in the **Federal Register** on February 26, 2003. A Notice of Availability of the Draft Environmental Impact Statement (DEIS) was published in the **Federal Register** on January 28, 2005 (70 FR 4149). The written comment period on the DEIS ended on March 28, 2005. The FEIS contains responses to all comments received and reflects comments and any additional information received during the review period.

The Project is located along the Humboldt River in northwestern Nevada. Reclamation began Project construction in 1935 and in 1941 the first water was delivered to agricultural lands in the Lovelock Valley from storage in Rye Patch Reservoir. PCWCD assumed operation of the Project in 1941. PCWCD has had several Project repayment contracts with Reclamation that have all been repaid. Project features include Battle Mountain Community Pasture, Rye Patch Dam and Reservoir, and the Humboldt Sink. Battle Mountain Community Pasture, located near Battle Mountain, is approximately 30,000 acres and is managed for grazing by the PCWCD under a lease agreement with Reclamation. Rye Patch Reservoir is located 26 miles upstream from Lovelock, is 21 miles in length, and has a capacity of 190,000 acre-feet. The State of Nevada manages the recreation at the reservoir under a management agreement with Reclamation and the PCWCD. The Humboldt Sink is also part of the Project and is managed by the State of Nevada under a management agreement with Reclamation.
