[RME Docket No. R08-OAR-2005-UT-0001, FRL-7983-2]

Approval and Promulgation of Air Quality Implementation Plans; Utah; Rules Recodification

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve State Implementation Plan (SIP) revisions submitted by the Governor of Utah on September 20, 1999 and February 5, 2001. The September 20, 1999 submittal revises the numbering and format of the Utah Administrative Code (UAC) rules within Utah's SIP. The February 5, 2001 submittal restores a paragraph that was inadvertently deleted from Utah's rules when the

State submitted their September 20, 1999 SIP submittal that renumbered the UAC rules. The intended effect of this action is to make these provisions federally enforceable. In addition, the approval of Utah's September 20, 1999 SIP revision supersedes and replaces previous SIP revisions submitted by Utah on October 26, 2000, September 7, 1999, two SIP revisions submitted February 6, 1996, and one submitted on January 27, 1995. Some of the provisions of the rules submitted in Utah's SIP revisions will be addressed at a later date by more recent SIP actions that have been submitted which supersede and replace the earlier SIP submittal actions. EPA will be removing Utah's Asbestos Work Practices, Contractor Certification, AHERA Accreditation and AHERA Implementation rule R307-1-8 and Eligibility of Pollution Control Expenditures for Sales Tax Exemption rule R307-1-6 from Utah's federally enforceable SIP because these rules are not generally related to attainment of the National Ambient Air Quality Standards (NAAQS) and are therefore not required to be in Utah's SIP. Finally, EPA will be removing Utah's National Emission Standards for Hazardous Air Pollutants rule R307-1-4.12. Utah has delegation of authority for NESHAPs in 40 CFR part 61 (49 FR 36368), pursuant to 110(k)(6) of the Act, therefore we are removing the existing language (R307-1-4.12) that was approved into Utah's current SIP because it is no longer required to be in the SIP. This action is being taken under section 110 of the Clean Air Act.
