SUPPLEMENTARY INFORMATION: The Trafficking Victims Protection Reauthorization Act of 2003 created a requirement that the President promulgate regulations to implement Section 105 of the Trafficking Victims Protection Act of 2000, as amended ("the Act").

Section 105 of the Act calls for the President to establish an Interagency Task Force to Monitor and Combat Trafficking and a Senior Policy Operating Group consisting of senior officials designated as representatives of the appointed members of the Task Force. By Executive Order 13257, dated February 13, 2002, the President established the President's Interagency Task Force to Monitor and Combat Trafficking in Persons ("the Task Force"), which is chaired by the Secretary of State and includes the Administrator of the United States Agency for International Development, the Attorney General, the Secretary of Labor, the Secretary of Health and Human Services, the Director of Central Intelligence, and the Director of the Office of Management and Budget. Executive Order 13257 lays out the responsibilities of the Task Force including, among other things, coordinating the implementation of the Act. The Secretary of Homeland Security was added to the Task Force by Executive Order 13286 of February 28, 2003. The Task Force created the Senior Policy Operating Group on December 8, 2003, to coordinate agency activities regarding policies, including grants and grant policies, involving the international trafficking in persons and the implementation of the Act. The Trafficking Victims Protection Reauthorization Act of 2003 amended the Trafficking Victims Protection Act, including by setting out the duties of the Senior Policy Operating Group and requiring the President to promulgate regulations to implement Section 105 (22 U.S.C. 7103(f)(5)).

Executive Order 13333 of March 18, 2004 amends Executive Order 13257 and delegates the task of issuing such regulations to the Secretary of State, and instructs the Senior Policy Operating Group to advise the Secretary of State as to what regulations may be necessary to implement Section 105, including such regulations as may be necessary to carry out the sharing of information on all matters relating to grants, grant policies, or other significant actions regarding the international trafficking in persons (Executive Order 13333, section 4(b)).

SUPPLEMENTARY INFORMATION:

Regulatory History

On August 10, 2005, we published a notice of proposed rulemaking (NPRM) entitled, "Drawbridge Operation Regulations; Fox River, Green Bay, WI and DePere, WI," in the **Federal Register** (70 FR 46441). We received no letters commenting on the proposed rule. No public meeting was requested, and none was held.

Background and Purpose

The U.S. Coast Guard, at the request of Wisconsin Department of Transportation (WI-DOT), is modifying the existing operating schedule of the Main Street, Walnut Street, Mason Street (Tilleman Memorial), and George Street highway drawbridges between miles 1.58 and 7.27, and the two Canadian National Railway drawbridges at miles 1.03 and 3.31, respectively, over Fox River. The modified regulation primarily establishes permanent winter operating schedules for each drawbridge in lieu of the annual winter authorization granted by Commander, Ninth Coast Guard District, under the authority of 33 CFR 117.45.

All highway drawbridges are currently required to operate year-round and open on signal, except between the hours of 7 a.m. to 8 a.m., 12 noon to 1 p.m., and 4 p.m. to 5 p.m., Monday through Saturday, except for Federal holidays. This schedule does not apply to public vessels, tugs, and commercial vessels with a cargo capacity of 300 short tons or over, which are passed at all times. As noted, these drawbridges were granted yearly authorization to alter their operating schedules between December 15 and April 1 since approximately 1992.

The railroad drawbridges operated by Canadian National Railway at miles 1.03 and 3.31 over Fox River are swing bridges and currently have no permanent operating regulations, which requires the drawbridges to open on signal for vessels year-round, 24 hours per day. The Ninth Coast Guard District has also granted a yearly winter operating schedule for the railroad drawbridges from December 15 to April 1 each year since approximately 1992.

WI-DOT requested that the Coast Guard implement a permanent winter operating schedule for the Walnut Street and Mason Street (Tilleman Memorial) drawbridges between December 1 and April 1 each year. The Coast Guard expanded the review of all drawbridge regulations on Fox River to include the
