SUPPLEMENTARY INFORMATION: In 2004, as part of the outreach efforts on courthouse accessibility, the Access Board established a Federal advisory committee to advise the Access Board on issues related to the accessibility of courthouses, particularly courtrooms, including best practices, design solutions, promotion of accessible features, educational opportunities, and the gathering of information on existing barriers, practices, recommendations, and guidelines. On October 12, 2004, the Access Board published a notice appointing 31 members to the Courthouse Access Advisory Committee. 69 FR 60608 (October 12, 2004). Members of the Committee include designers and architects, disability groups, members of the judiciary, court administrators, representatives of the codes community and standard-setting entities, government agencies, and others with an interest in the issues to be explored. The Committee held its initial meeting on November 4 and 5, 2004. Members discussed the current requirements for accessibility, committee goals and objectives and the establishment of subcommittees. The second meeting of the Committee was held in February, 2005. The Committee toured two courthouses and established three subcommittees: Education, Courtrooms and Courthouses (areas unique to courthouses other than courtrooms). The third and fourth meetings of the Committee were held in May, 2005 and August, 2005. Members of the Committee toured several courthouses and continued work in the three

subcommittees. Minutes of the meetings may be found on the Access Board's Web site at <http://www.access-board.gov/caac/index.htm>. At the November meeting of the Committee, members will continue to address issues both as a full Committee and in subcommittees.

Committee meetings are open to the public and interested persons can attend the meetings and communicate their views. Members of the public will have an opportunity to address the Committee on issues of interest to them and the Committee during public comment periods scheduled on each day of the meeting. Members of groups or individuals who are not members of the Committee are invited to participate on the subcommittees. The Access Board believes that participation of this kind can be very valuable for the advisory committee process.

The meeting will be held at a site accessible to individuals with disabilities. Real-time captioning will be provided. Individuals who require sign language interpreters should contact David Yanchulis by October 31, 2005. Notices of future meetings will be published in the **Federal Register**.

2005 Company Organization Survey

AGENCY: Bureau of the Census, Commerce.

ACTION: Notice of Determination.

SUMMARY: The Bureau of the Census (Census Bureau) is conducting the 2005 Company Organization Survey. The survey's data are needed, in part, to update the multilocation companies in the Business Register. The survey, which has been conducted annually since 1974, is designed to collect information on the number of employees, payroll, geographic location, current operational status, and kind of business for the establishments of multilocation companies. We have determined that annual data collected from this survey are needed to aid the efficient performance of essential

governmental functions and have significant application to the needs of the public and industry. The data derived from this survey are not available from any other source.

ADDRESSES: The Census Bureau will furnish report forms to organizations included in the survey, and additional copies are available upon written request to the Director, Census Bureau, Washington, DC 20233-0101.

SUPPLEMENTARY INFORMATION: Title 13, United States Code (U.S.C.), Sections 182, 195, 224, and 225 authorize the Census Bureau to undertake surveys necessary to furnish current data on the subjects covered by the censuses. This survey will provide continuing and timely national statistical data for the period between economic censuses. The next economic censuses will be conducted for the year 2007. The data collected in this survey will be within the general scope, type, and character of those that are covered in the economic censuses. Forms NC-99001 and NC-99007 (for single-location companies) will be used to collect the desired data.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current, valid Office of Management and Budget (OMB) control number.
