FEDERAL RESERVE SYSTEM

Federal Open Market Committee; Domestic Policy Directive of September 20, 2005

In accordance with § 271.25 of its rules regarding availability of information (12 CFR part 271), there is set forth below the domestic policy directive issued by the Federal Open Market Committee at its meeting held on September 20, 2005.¹

The Federal Open Market Committee seeks monetary and financial conditions that will foster price stability and promote sustainable growth in output. To further its long-run objectives, the Committee in the immediate future seeks conditions in reserve markets consistent with increasing the Federal funds rate to an average of around 3¾ percent.

The vote encompassed approval of the paragraph below for inclusion in the statement to be released shortly after the meeting:

The Committee perceives that, with appropriate monetary policy action, the upside and downside risks to the attainment of both sustainable growth and price stability should be kept roughly equal. With underlying inflation expected to be contained, the Committee believes that policy accommodation can be removed at a pace that is likely to be measured. Nonetheless, the Committee will respond to changes in economic prospects as needed to fulfill its obligation to maintain price stability.

By order of the Federal Open Market Committee, October 12, 2005.

Vincent R. Reinhart,

Secretary, Federal Open Market Committee.

AGENCY: Office of the Chief Acquisition Officer, GSA.

ACTION: Notice of request for comments regarding a renewal to an existing OMB clearance.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the General Services Administration has submitted to the Office of Management and Budget (OMB) a request to review and approve a renewal of a currently approved information collection requirement regarding preparation, submission, and negotiation of subcontracting plans. A request for public comments was published at 70 FR 24042, May 6, 2005. No comments were received.

This information collection will ensure that small and small disadvantaged business concerns are afforded the maximum practicable opportunity to participate as subcontractors in construction, repair, and alteration or lease contracts. Preparation, submission, and negotiation of subcontracting plans requires for all negotiated solicitations having an anticipated award value over \$500,000 (\$1,000,000 for construction), submission of a subcontracting plan with other than small business concerns when a negotiated acquisition meets all four of the following conditions.

1. When the contracting officer anticipates receiving individual subcontracting plans (not commercial plans).

2. When the award is based on trade-offs among cost or price and technical and/or management factors under FAR 15.101-1.

3. The acquisition is not a commercial item acquisition.

4. The acquisition offers more than minimal subcontracting opportunities.

Public comments are particularly invited on: Whether this collection of information is necessary and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected.

DATES: Submit comments on or before: November 17, 2005.
