

Deputy Administrator intends to participate in the proceedings and will discuss or comment on APHIS' position on any standard up for adoption or any proposals to develop new standards.

The work plan for 2005 was established after the October 2004 Annual Meeting in Vancouver, Canada. The Deputy Administrator for PPQ participated in establishing this NAPPO work plan (see panel assignments below). Below is a summary of current panel assignments as they relate to the ongoing development of NAPPO standards. The United States (i.e., USDA/APHIS) intends to participate actively and fully in the work of each of these panels. The U.S. position on each topic will be guided and informed by the best scientific information available on each of these topics. For each of the following panels, the United States will consider its position on any draft standard after it reviews a prepared draft. Information regarding the following NAPPO panel topics, assignments, activities, and updates on meeting times and locations may be obtained from the NAPPO homepage at <http://www.nappo.org> or by contacting Mr. Narcy Klag (see **FOR FURTHER INFORMATION CONTACT** above).

1. Accreditation Panel

The panel will develop an audit protocol for reviewing compliance with the NAPPO laboratory accreditation standard (RSPM No. 9). They will then use this protocol to audit the programs in the three NAPPO countries starting with the United States. They will review and update the current NAPPO laboratory accreditation standard (RSPM No. 9).

2. Biological Control Panel

This panel will complete the Taxonomic Resources Position Paper, develop guidelines for the movement of commercial shipments of arthropod biological control agents among NAPPO member countries, and exchange information on biological control programs in the NAPPO countries.

3. Biotechnology Panel

This panel will continue to develop a NAPPO standard for the review of products of biotechnology that focuses on the assessment of the potential to present a plant pest risk. The final module, importation for uses other than propagation, will be developed.

4. Citrus Panel

The panel will update the pest lists in the Citrus Standard, based on new pest information.

5. Electronic Phytosanitary Certification Panel

This panel will develop guidelines for the electronic transmission of phytosanitary certificates.

6. Forestry Panel

This panel will coordinate the implementation of ISPM 15 by NAPPO member countries.

7. Fruit Panel

The panel will coordinate with other appropriate panels to start the development of a standard for the use of genetically modified fruit flies in North America.

8. Grapevine Panel

The panel will provide direction and support to the Technical Advisory Group to include insects and nematodes in the NAPPO standard for grapevines (RSPM No. 15). They will participate in the development of the NAPPO standard on plants for planting.

9. Potato Panel

The panel will develop an appendix to RSPM No. 3 on nematode identification and update appendix 5 based on the latest molecular information for potato virus YN (PVYn).

10. Propagative Material Panel

The panel will complete the standard on plants for planting.

11. Standards Panel

The panel will continue to provide updates on standards for the NAPPO newsletter, coordinate the review of new and amended NAPPO standards and ensure that comments received during the country consultation phase are incorporated as appropriate, organize conference calls and prepare NAPPO discussion documents for possible use at the IPPC, and promote implementation of recently adopted standards.

The PPQ Deputy Administrator, as the official U.S. delegate to NAPPO, intends to participate in the adoption of these regional plant health standards, including the work described above, once they are completed and ready for such consideration.

The information in this notice includes all the information available to us on NAPPO standards currently under development or consideration. For updates on meeting times and for information on the working panels that may become available following publication of this notice, check the NAPPO Web site on the Internet at <http://www.nappo.org> or contact Mr. Narcy Klag (see **FOR FURTHER INFORMATION CONTACT** above).

INFORMATION CONTACT above).

Information on official U.S. participation in NAPPO activities, including U.S. positions on standards being considered, may also be obtained from Mr. Klag. Those wishing to provide comments on any of the topics being addressed by any of the NAPPO panels may do so at any time by responding to this notice (see **ADDRESSES** above) or by transmitting comments through Mr. Klag.

Done in Washington, DC, this 18th day of October 2005.

Elizabeth E. Gaston,

Acting Administrator, Animal and Plant Health Inspection Service.
