

applicant is delinquent in paying a debt owed to or insured by the Government. In addition, HUD will be provided access to VA's debtor data for prescreening purposes.

RECORDS TO BE MATCHED:

HUD will utilize its system of records entitled HUD/DEPT-2, *Accounting Records*. The debtor files for HUD programs involved are included in this system of records. HUD's debtor files contain information on borrowers and co-borrowers who are currently in default (at least 90 days delinquent on their loans); or who have any outstanding claims paid during the last three years on insured or guaranteed home mortgage loans under Title II of the National Housing Act; or individuals who have defaulted on rehabilitation loans under Section 312 of the Housing Act of 1964; or individuals who have had a claim paid in the last three years on a loan under Title I of the National Housing Act. For the CAIVRS match, HUD/DEPT-2, System of Records, receives its program inputs from HUD/DEPT-28, Property Improvement and Manufactured (Mobile) Home Loans—Default; HUD/DEPT-32, Delinquent/Default/Assigned Temporary Mortgage Assistance Payments (TMAP) Program; and HUD/CPD-1, Rehabilitation Loans-Delinquent/Default.

The VA will provide HUD with debtor files contained in its system of records entitled SS-VA26, Loan Guaranty Systems of Records. Central Accounts Receivable On Line System is a subsidiary of SS-VA26. HUD is maintaining VA's records only as a ministerial action on behalf of VA, not as a part of HUD's HUD/DEPT-2 system of records. VA's data contain information on individuals who have defaulted on their guaranteed loans. The VA will retain ownership and responsibility for their systems of records that they place with HUD. HUD serves only as a record location and routine use recipient for VA's data.

NOTICE PROCEDURES:

HUD and the VA will notify individuals at the time of application (ensuring that routine use appears on the application form) for guaranteed or direct loans that their records will be matched to determine whether they are delinquent or in default on a Federal debt. HUD and the VA will also publish notices concerning routine use disclosures in the **Federal Register** to inform individuals that a computer match may be performed to determine a loan applicant's credit status with the Federal government.

CATEGORIES OF RECORDS/INDIVIDUALS INVOLVED:

The debtor records include these data elements from HUD's systems of records, HUD/Dept-2: SSN, claim number, program code, and indication of indebtedness. Categories of records include: Records of claims and defaults, repayment agreements, credit reports, financial statements, and records of foreclosures. Categories of individuals include former mortgagors and purchasers of HUD-owned properties, manufactured (mobile) home and home improvement loan debtors who are delinquent or in default on their loans, and rehabilitation loan debtors who are delinquent or in default on their loans.

PERIOD OF THE MATCH:

Matching will begin at least 40 days from the date copies of the signed (by both Data Integrity Boards) computer matching agreements are sent to both Houses of Congress or at least 30 days from the date this Notice is published in the **Federal Register**, whichever is later, providing no comments are received which would result in a contrary determination. The matching program will be in effect and continue for 18 months with an option to renew for 12 additional months unless one of the parties to the agreement advises the other in writing to terminate or modify the agreement.
