

children and elderly who receive CSFP benefits during the month of April.

FSP and FDPIR State, local or Tribal agencies complete the FNS-101. FNS requires State, local or Tribal agencies to report annually the actual number and racial/ethnic designation of households who receive FDPIR and/or FSP benefits in the month of July.

On October 30, 1997, OMB issued revised standards for the classification of Federal data on race and ethnicity in a notice in the **Federal Register** (62 FR 58782). The OMB standards revise the racial and ethnic categories and require that respondents be offered the option of selecting one or more racial designations. On November 27, 2002, FNS published a proposed rule (67 FR 70861) to codify a general requirement for the new racial and ethnic data collection and reporting requirements and which would implement the new data collection and reporting for the FSP. On the same day, FNS published a Notice (67 FR 70916) on the proposed information collection requirements for CSFP, FDPIR, and FSP for public comment. The comment period for both the proposed rule and the Notice ended on January 27, 2003. FNS received comments on the proposed rule and considered them in writing the final rule. A final rule for the FSP is in the final stages of clearance. Once the final rule is published, FNS plans to implement the new information collection and reporting for all three programs.

The current OMB approval of this information collection will expire on December 31, 2005. FNS had planned to publish the final rule in the latter half of 2005. However, the clearance was not completed within our expected timeframe. In order to ensure that we remain in compliance with the Paperwork Reduction Act, FNS is providing a comment period for extending the current information collection for CSFP, FDPIR, and FSP. After the final rule has been published, FNS will formally announce the effective date(s) for each of the affected programs through implementing memoranda as appropriate and will provide copies of the revised forms at that time.

Burden Estimate

Respondents: Local agencies that administer the CSFP, FDPIR, and FSP.

Number of Respondents: 2,867 (144 for CSFP, 110 for FDPIR, and 2,613 for FSP).

Estimated Number of Responses per Respondent: Form FNS-191: 144 local CSFP agencies once a year. Form FNS-

101: 110 local FDPIR agencies and 2,613 local FSP agencies once a year.

Estimate of Burden: Form FNS-191: The local CSFP agencies submit Form FNS-191 at an estimate of 1.92 hours per respondent, or 276.48 total hours. There is an additional recordkeeping burden of .08 hours per respondent for maintaining the responses, or 11.52 hours. Total burden is 288 hours.

Form FNS-101: The local FDPIR and FSP agencies submit Form FNS-101 at an estimate of 2.17 hours per respondent, or 5,908.91 hours. There is an additional burden of .08 hours per respondent for maintaining the responses, or 217.84 hours. Total burden is 6,126.75 hours.

Estimated Total Annual Burden on Respondents: The revised annual reporting and recordkeeping burden for OMB No. 0584-0025 is estimated to be 6,414.75 hours, a reduction of 249.25 hours. The burden reduction is due to the decrease in the number of CSFP, FDPIR, and FSP agencies that will complete a report.
