[Notice No. 52]

RIN 1513—AB04

Suspension of Special (Occupational) Tax (2004AR–778P)

AGENCY: Alcohol and Tobacco Tax and Trade Bureau.

ACTION: Notice of proposed rulemaking; cross-reference to temporary rule.

SUMMARY: Elsewhere in this issue of the Federal Register, the Alcohol and Tobacco Tax and Trade Bureau (TTB) is issuing a temporary rule amending the TTB regulations relating to special (occupational) tax, to reflect a 3-year tax suspension effected by section 246 of the American Jobs Creation Act of 2004. Section 246 amends the Internal Revenue Code of 1986 to provide that, during the period from July 1, 2005, through June 30, 2008, the rate of special (occupational) tax on certain occupations will be zero. The occupations affected by the 3-year tax suspension are: Manufacturers of nonbeverage products who claim tax drawback; proprietors of distilled spirits plants, alcohol fuel plants, bonded and taxpaid wine premises, and breweries; and wholesale and retail dealers in distilled spirits, wine, and beer. The requirements to register annually and keep prescribed records remain in effect. In this notice of proposed rulemaking, we are soliciting comments from all interested parties on these regulatory amendments. The text of the regulations in the temporary rule published in the Rules and Regulations section of this issue of the Federal Register serves as the text of the proposed regulations.

DATES: Comments must be received on or before December 30, 2005.

ADDRESSES: You may send comments to any of the following addresses—

• Director, Regulations and Rulings Division, Alcohol and Tobacco Tax and Trade Bureau, Attn: Notice No. 52, P.O. Box 14412, Washington, DC 20044–4412.

• 202–927–8525 (facsimile).

specially denatured alcohol, user of tax-free alcohol, manufacturer of tobacco products (that is, cigars, cigarettes, smokeless tobacco, pipe tobacco, and roll-your-own tobacco), manufacturer of cigarette papers or tubes, and export warehouse proprietor (for the export of tobacco products, cigarette papers, or cigarette tubes).

Although the tax rate for the occupations affected by the suspension will be zero during the suspension period, new section 5148 further provides that persons engaging in those occupations must still register annually and comply with applicable recordkeeping requirements. Finally, section 246 of the Act amended section 5117 of the IRC (26 U.S.C. 5117) by adding a new subsection (d) to provide that during the suspension period a dealer may purchase distilled spirits, for resale, only from persons required to keep records as a wholesale liquor dealer, except as otherwise specifically provided by law or regulations. The Alcohol and Tobacco Tax and Trade Bureau (TTB) is responsible for the administration of the IRC provisions relating to special (occupational) tax.

The temporary regulations published elsewhere in this issue of the Federal Register involve amendments to parts 17, 19, 24, 25, 26, 27, and 31 of the TTB regulations (27 CFR parts 17, 19, 24, 25, 26, 27, and 31). The text of the temporary regulations serves as the text of these proposed regulations. The preamble to the temporary regulations explains the proposed regulations.

The Coast Guard is revising its proposed rule published March 9, 2005, to establish permanent moving security zones around all escorted High Capacity Passenger Vessels (“HCPV”) and escorted Alaska Marine Highway System Vessels (“AMHS vessels”) during their transit in the navigable waters of the Seventeenth Coast Guard District. The 250-yard speed restriction zone, the 25-yard security zone around moored and anchored vessels, and the waiver request process in the notice of proposed rulemaking (NPRM) have been eliminated. The Coast Guard has revised the proposed security zones protecting any vessel from entering within 100 yards of an escorted HCPV or escorted AMHS vessel while in transit. These security zones are necessary to mitigate potential terrorist acts and enhance public and maritime safety and security. Permission to enter these security zones may be granted by the designated on-scene representative.

DATES: Comments and related material must reach the Coast Guard on or before December 30, 2005.

REQUESTS FOR COMMENTS: The Coast Guard encourages interested persons to participate in this rulemaking by submitting written data, views, or arguments. Persons submitting comments should include their name and addresses, identifying this rulemaking (CGD17—05–002) and the specific section of this document to which each comment applies, and give the reason for each comment. Please submit all comments and attachments in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. Persons wanting acknowledgment of receipt of comment should enclose a stamped, self-addressed postcard or envelope.

Notes on this supplemental NPRM must reach the Coast Guard on or before December 30, 2005. The Coast Guard will consider all comments received during the comment period and may change this proposed rule in view of the comments.

The Coast Guard has not scheduled a public hearing at this time. You may request a public hearing by writing to the Seventeenth Coast Guard District at the address under ADDRESSES. The request should include the reasons why a hearing would be beneficial to the rulemaking. If it is determined that an opportunity for oral presentation will aid this rulemaking, the Coast Guard will schedule a public hearing at a time and place announced in a separate notice published in the Federal Register.

Background and Purpose

Due to increased awareness that future terrorist attacks are possible, the Coast Guard, as Lead Federal Agency for Maritime Homeland Security, has determined that the District Commander and the Captain of the Port must have the means to be aware of, detect, deter, intercept, and respond to threats, acts of aggression, and attacks by terrorists on the American homeland while maintaining our freedoms and sustaining the flow of commerce. Terrorists have demonstrated both desire and ability to utilize multiple means in different geographic areas to successfully carry out their terrorist missions, highlighted by the recent subway bombings in London.

During the past 3 years, the Federal Bureau of Investigation has issued several advisories to the public concerning the potential for terrorist attacks within the United States. The October 2002 attack on a tank vessel, M/V LIMBURG, off the coast of Yemen and the prior attack on the USS Cole demonstrate a continuing threat to U.S. maritime assets as described in the President’s finding in Executive Order 13273 of August 21, 2002 (67 FR 56215, September 3, 2002) and Continuation of the National Emergency with Respect to Certain Terrorist Attacks, (67 FR 58317, September 13, 2002); and Continuation of the National Emergency With Respect To Persons Who Commit, Threaten To Commit, Or Support Terrorism, (67 FR 59447, September 20, 2002).

Furthermore, the ongoing hostilities in Afghanistan and Iraq have made it prudent for U.S. port and waterway users to be on a higher state of alert because the Al Qaeda organization and other similar organizations have declared an ongoing intention to conduct armed attacks on U.S. interests worldwide.

In addition to escorting vessels, the Coast Guard has determined the need for additional security measures during their transit. A security zone is a tool available to the Coast Guard that may be used to control maritime traffic operating in the vicinity of these vessels. The District Commander has made a determination that it is necessary to establish a security zone around HCPV and AMHS vessels that are escorted to safeguard people, vessels and maritime traffic.
