October 26, 2005.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that

the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

SUPPLEMENTARY INFORMATION:

I. Information About the Document

As discussed in the September 27, 2005, **Federal Register** notice, the AALM represents EPA's latest efforts to develop tools to model human lead

exposure, and it builds on EPA's prior experience in lead modeling. See that notice for further background information.

As announced in a **Federal Register** notice on October 14, 2005 (70 FR 60077), EPA will present the external review draft of the *All-Ages Lead Model (AALM) Version 1.05*, at a public meeting for review by EPA's Science Advisory Board (SAB) Ad Hoc All-Ages Lead Model (AALM) Review Panel. Public comments received during the external review comment period will be provided to the SAB review panel.
